Subject: 2012 5310 Awards

Friends,
It has come to our attention that award letters for 2012 5310 applications were never sent out and some of you have not been notified of your awarded funds. The UDOT PTT apologizes for the oversight and confusion this may have caused - especially with the 2013 LOI/application process now open. Please review the table below and note the capital item and awarded funds columns. If you need to make adjustments to your submitted 2013 LOI please take a moment to do so. If you are no longer interested in accepting the federal funds, no longer have the required 20% match, or would like to reduce the number of vehicles applied for, please let me know.

We recently completed our 2011 vehicle deliveries and hope to be in contact with you very soon to move these awards forward. Again, please do not hesitate to ask questions.

Sincerely,

Jason Green
801-907-0340

Agency	Capital Item	Fed Funds Awarded
