Responsibility for Providing Information for the Various Sections of the Stormwater Pollution Prevention Plan (SWPPP)

Note: The SWPPP template is to serve as a guide for completing a SWPPP for a UDOT project. UDOT or its representative will complete the sections as indicated below. The Contractor will be provided an electronic copy of the incomplete SWPPP at the Preconstruction Meeting. The Contractor should complete the SWPPP before submitting a Notice of Intent to the Utah Division of Water Quality.

Cover Page: UDOT
Section 1: Contractor with input from UDOT's Resident Engineer
Section 2:
- **2.1**: UDOT
- **2.2**: Contractor
- **2.3**: UDOT
- **2.4**: UDOT
- **2.5**: Contractor

Section 3: Contractor
Section 4: UDOT will provide the site map and the erosion and sediment control plans that contain most of the required information; however the Contractor will need to add information such as stockpile locations and location of construction support activities.
Section 5: UDOT will fill in the first two columns and the Contractor will fill in the third column.
Section 6: UDOT
Section 7: Contractor
Section 8: Contractor
Section 9: N/A (Informational only)
Section 10:
- **10.1**: Contractor with input from UDOT's Resident Engineer

Section 11:
