Consultant Services

General Engineering Services & Local Government Pool

Work Discipline/Qualified Consultants

July 1, 2005 – June 30, 2007

Contact:

Gaye Hettrick, Consultant Services, 801-965-4639 or ghettrick@utah.gov

Announcement of New Pools

The new General Engineering Services & Local Government Pool for July 1, 2005 through June 30, 2007 (GE Pool) and the new Right of Way Services & Local Government Pool for July 1, 2005 through June 30, 2010 (ROW Pool) have now been posted on the web.

If your firm is listed under a discipline, then you have been selected for this discipline. If your firm is not listed, then your firm was not selected for that discipline. The Department decided not to post the scores of each firm/individual on the web for this pool period.

Congratulations to all consultants and right of way service providers who were successful in making the lists and we thank all firms and individuals who submitted a Statement of Qualifications for your interest.

Selection Teams

Each discipline had a selection team of UDOT professionals who scored each Statement of Qualifications submitted for that discipline. The final scores were averaged scores of the discipline selection team members' scores. Thanks to all those selection team members for their valuable time and input.

Score Thresholds

GE Pool Threshold

The threshold score for the GE Pool is 14 points or above out of the 25 points possible.

ROW Pool Thresholds

The threshold scores for the ROW Pool disciplines out of the 50 points possible are:

- Acquisition – 35 points or above
- Appraisal Review – 35 points or above
- Complex Appraisal – 35 points or above
- Lead Agent, Complex Projects – 40 points or above
- Lead Agent, Non-Complex – 35 points or above
- Relocation, Non-Residential – 40 points or above
- Relocation, Residential – 35 points or above
- Residential Appraisal – 35 points or above

Debriefing

Consultant Services will be providing the scores by email or phone directly to the primary contact for all consultants and right of way service providers. Please allow us the month of July to provide this information to you. We hope to have the information to you sooner rather than later.

If you are interested, once you have reviewed your scores, you may schedule a time to come in and review the successful proposals for each discipline of concern.

Contact Information for Other Concerns

GE Pool

Gaye Hettrick, Consultant Services, 801-965-4639 or ghettrick@utah.gov
