# INTRODUCTION

This book contains traffic statistics collected by the Transportation Monitoring Unit and developed and analyzed by the Traffic Analysis Section of the Systems Planning and Programming Division of the Utah Department of Transportation. These statistics are intended for use by transportation management, business, and the public. The traffic information is used in planning, programming, highway design, maintenance, traffic control and general administration of highway systems.

The traffic information contained in this book is Annual Average Daily Traffic (AADT) on road sections of the State Highways and the corresponding percentage of Truck Traffic on each section. These statistics are developed by the Traffic Analysis Section through the use of the following counting stations:

1. 95 continuously operated permanent automatic traffic recording stations (ATRs) provided by the Utah Department of Transportation;
2. 3 continuously operated permanent automatic recording provided by the United States Department of the Interior, National Park Service;
3. 4 continuously operated permanent automatic recording stations provided by Colorado, Idaho and Wyoming Departments of Transportation;
4. 4,739 (approximately) short-time counts provided by the Utah Department of Transportation;
5. 204 Classification counts for 2006 provided by the Utah Department of Transportation;

The AADT represents traffic in both directions of travel and is the average for that particular section of route. The routes are sectioned according to:

- a. Major intersections
- b. Sections where traffic volumes show a substantial increase or decrease.
- c. Beginning and ending of most incorporated limits and urban boundaries.
- d. County lines

The Truck Percentages Single and Combo are represented by the FHWA Vehicle Classifications below Single Commercial Vehicles are Classification 4 through 7 and Combo is represented by Classification 8 through 13.

# FHWA Vehicle Classification

1: Motorcycles

2: Automobiles

3: 2 Axle - 4 Tire Single Unit

4: Buses

5: 2 Axle - 6 Tire Single Unit

6: 3 Axle Single Unit

7: 4+ Axle Single Unit

8: 4 or Less Axle Single Trailer

9: 5 Axle Single Trailer

10: 6 or More Axles Single Trailer

11: 5 or Less Axles Multi Trailer

12: 6 Axle Multi Trailer

13: 7 or More Axles Multi Trailer
