

Environmental Commitments Signature Page

Project Name: _____

Project Number: _____ PIN: _____

The purpose of this page is to ensure the environmental commitments that are made while following the environmental process are reasonable and feasible to those divisions they will affect. Frequently, as in maintenance preservation projects, UDOT Standard Specifications will provide the mitigation necessary for potential environmental impacts and only require review by the Environmental Manager. However, if special commitments exist that cannot be mitigated by current UDOT Specifications, then additional review is required from both the Project Manager and District Engineer (or Designee). This signature page is required to be included on all UDOT environmental documents regardless of type.

The environmental commitments in this document can be mitigated by following current UDOT specifications.

Required Signatures:

UDOT Environmental Manager:

Signature Printed Name Date

The environmental commitments in this document require mitigation beyond what is provided by following current UDOT specifications. Special commitments are believed to be designable, financially feasible, constructible, and maintainable.
