

## Utah Department of Transportation Noise Wall Ballot

Project Name: \_\_\_\_\_

Project Location: \_\_\_\_\_

Project Sponsor(s): \_\_\_\_\_

Project Contact: \_\_\_\_\_ Telephone: \_\_\_\_\_

### **Ballot Purpose**

Your residence/property has been identified as potentially having highway noise impacts due to the proposed project. As part of the noise study for this project, we would like to get your opinion on whether you would be in favor of noise walls being constructed to reduce expected noise levels.

Your input, along with other information including; the amount of noise reduction achieved, engineering considerations, cost and views will be considered together, to come to a decision on whether or not to construct noise abatement measures. Please check the appropriate line, include any comments you may have and return this ballot in the self-addressed stamped envelope.

Please note that at least 75% of ballots sent, must be completed and returned for UDOT to assess if the public desires noise walls. Your ballot needs to be received by \_\_\_\_\_ in order to be counted. Thank you for your participation!

- I **support** a noise wall.
- I **do not support** a noise wall.
- I **choose to abstain from voting, and wish not to be counted in the analysis.**
