

**Mountain View Corridor Air Quality Working Group**  
**DRAFT Meeting Minutes**  
**June 24, 2013**

**Attendees:**

- Reed Soper – Former UDOT (MVC EIS), still representative
- Kathy Van Dame – Wasatch Clean Air Coalition
- Cameron Cova – Breathe Utah
- Bo Call – Air Monitoring Section Manager - Division of Air Quality
- Lee Logston – West Valley City Planner
- G.J. LaBonty - UTA
- Andy Neff – The Langdon Group (facilitator)
- Jennifer Tays – The Langdon Group (co-facilitator)

**1) Review/Approval of 4/30/13 Meeting Minutes**

- Minutes were previously sent out to the group and were approved at this meeting.

**2) Review/Discuss 4/30/13 Action Items**

- Work with Sonoma regarding contracting, presentation, further work together – Reed, Cameron
  - Sonoma has thus far been contracted to monitor existing conditions at the schools. They are currently waiting for a contract modification for additional work. Reed is coordinating this and the process is progressing.
  - The group would like Sonoma to call in for the July meeting so the AWG can give guidance and expectations on the presentation to be prepared.
  - The group would like Sonoma to give their presentation at the meeting on August 26.
    - The group would like to invite Dr. David Gourley, assistant superintendent from the school district, to be present at this meeting as well.
  - Three invoices have been received from Sonoma. Minimal work has been done during this time, so there was very little work recorded on the invoices.
- Get access to UDOT website from John – Reed
  - Reed supplied Becky Parker's name as the contact for posting minutes to the website.
- Discuss co-convener representation – Group
  - As group facilitator, The Langdon Group will assume co-convener responsibilities formerly held by Reed and Cameron.

**3) Review/discuss/edit existing AWG Principles and Key Messages**

- The group discussed which goals have been completed and those that are on-going.

- The group wants to continue collecting research data and sharing it with others. They will begin collecting research to post on the website.
- The group discussed overall goals for the working group: what research to be collecting, who to share it with, where to present, what deliverables they wanted, etc.
- The goals discussion will be continued at future AWG meetings as study results and recommendations are clarified.
