Consultant Services Solicitation Overview

The Utah Department of Transportation is soliciting services identified in Part Three (Project Information and Evaluation Criteria) of this document. Consultant Services will follow guidelines outlined in the [Consultant Services Manual of Instruction](#) (MOI) and in this Solicitation.

Solicitation is defined as the document used by UDOT to obtain a Consultant's Proposal.

Proposal is defined as a Consultant's response to UDOT's Solicitation.

- 1. Communication:** Pursuant to Utah Code 63G-6a-1503(3), beginning the date that the solicitation is issued until the selection of a Consultant has been made, **Consultants may not contact or communicate with any member or potential member of a Selection Team except through the following official communication process:**

Consultants may contact the UDOT Contract Administrator to schedule one-on-one appointments for project or scope of work discussions with the UDOT Project Manager (PM) (and Local Government Project Manager) regarding this Solicitation. Consultants may only communicate through these official designated appointments for project-related questions. A date has been designated for appointments for these discussions in the Selection Schedule outlined in Part Three (Project Information and Evaluation Criteria). Consultants desiring to meet with the UDOT PM or any UDOT employee must contact the UDOT Contract Administrator via email to request an appointment PRIOR to the deadline identified in the Selection Schedule outlined in Part Three (Project Information and Evaluation Criteria).

UDOT desires to make the most efficient use of resources for all parties involved with the established communication process. The one-on-one meeting with UDOT should not be viewed as a marketing tool and is not part of the Consultant Selection process.

Consultants may contact the UDOT Contract Administrator or other Consultant Services staff with any format or process questions.

- 2. Subscription to the UDOT Consultant Services Update Service:** UDOT recommends Consultants interested in this project subscribe to the [UDOT Consultant Services Update Service](#) on the UDOT website.

If there are any changes affecting the Solicitation, notice will be sent out via an e-mail through the update service.

- 3. Review of the Solicitation documents:** Consultants are responsible for reviewing and understanding the content and requirements of the Solicitation. Read and review each section carefully to ensure proposals meet the outlined requirements. If the Consultant identifies any mistake, error, or ambiguity in the Solicitation during the procurement process, it is the duty of the Consultant to notify the Contract Administrator via email.

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

4. **Conflict of Interest:** UDOT expects Consultants to act with integrity and professional ethics. When there is a potential conflict of interest, Consultants are required to either not submit for the project or disclose the potential conflict to the Consultant Services Manager prior to submitting a proposal. The Consultant Services Manager will coordinate with the UDOT Conflict of Interest Review Team for a determination by UDOT. For additional information, refer to the UDOT [Consultant Services Manual of Instruction](#) (MOI). Additional Conflict of Interest requirements may be identified in Part Three of this Solicitation.
5. **Applicable Federal and State Regulations:** The Consultant will conform to all applicable state and federal regulations.
6. **Conditions of Proposal:** All costs related to the preparation of the Proposal and any related activities such as interviews are the sole responsibility of the Consultant. UDOT assumes no liability for any costs incurred by Consultants during the selection and contract negotiation process.
7. **Financial Screening:** Consultants are required to be financially screened at the appropriate level for this Solicitation. For additional information on financial screening requirements, refer to the [Consultant Services Manual of Instruction](#) (MOI). If the selected Consultant is unable to complete the financial screening process within 2 weeks of selection, the Proposal will be determined non-responsive and UDOT may move on to negotiate with the new first-ranked responsive Consultant.
8. **Contract Terms and Conditions:** It is the Consultants' responsibility to review and understand UDOT's Standard Terms and Conditions contained in the UDOT [Contract Terms and Conditions](#). These terms and conditions will apply to any contract resulting from this Solicitation.
9. **Health Reform – Health Insurance Coverage in State Contracts Requirements:** As required by UCA 72-6-107.5, effective March 17, 2016, UDOT will not enter into a contract of \$2,000,000 or more with a prime Consultant or \$1,000,000 or more with a sub-Consultant without demonstration of compliance regarding the offering of "Qualified Health Insurance Coverage" to their employees. Prior to issuing a Notice to Proceed, the Consultant must demonstrate compliance with the provisions of Administrative Rule R-916-5. A Consultant's inability to adequately demonstrate compliance may be grounds for determining a Proposal non-responsive and UDOT moving on to negotiate with the new first-ranked responsive Consultant.
10. **Debarment Certification:** Federal regulations require certification by prospective participants (including contractors, subcontractors, and principals) as to current history regarding debarment, eligibility, indictments, convictions, or civil judgments. The selected Consultant will be required to certify in accordance with contract Standard Terms and Conditions.
11. **Right to Cancel or Reject:** UDOT reserves the right to cancel the Solicitation at any time when it is in UDOT's best interest. UDOT also reserves the right to accept or reject any or all Proposals submitted in response to the Solicitation.
12. **Required Personnel Qualification:** The Consultant will be responsible to ensure all personnel proposed are qualified through training, experience, and appropriate certification for the tasks assigned and will have a working knowledge of UDOT standard practices.

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

13. **Proposed Project Staff:** The Consultant is expected to provide a Consultant Proposed Staffing Plan for the project, as outlined in Part Three (Project Information and Evaluation Criteria). The plan should state the certification and education levels of the individuals proposed for use on this contract including sub-Consultants' personnel. The plan must be included in the Proposal but will not count against the maximum allowed pages.

UDOT's requirement for listing current or former UDOT employees as personnel in a Proposal is as follows:

1. If a Consultant lists a former UDOT employee on the Proposal who officially left UDOT employment prior to the submission date of the Proposal, the Consultant will not be disqualified.
 2. If the Consultant lists someone who has not yet left UDOT employment, even if the employee plans to retire or quit soon, the Consultant will be disqualified.
 3. If a Consultant lists a former or current UDOT employee who was involved in the development of the Solicitation for this project, the Consultant will be disqualified.
 4. These requirements apply to prime and sub-Consultants.
14. **Key Personnel:** Key Personnel are those individuals specifically identified in the Proposal as being set forth to effectively manage all aspects of the work in a quality, timely and efficient manner. When Consultants list Key Personnel, the Consultant is agreeing to make the personnel available to complete work on the contract at whatever level the project requires.
15. **Audits:** Prior to final contract award, an audit may be conducted by UDOT of the selected Consultant. This audit will be for the purpose of ensuring the selected Consultant is financially capable of performing the contract, the cost information and prices quoted are reasonable, and the selected Consultant has adequate accounting practices to ensure accurate tracking of contract costs. UDOT reserves the right to inspect Consultant records associated with this project, including financial records, as deemed necessary during the term of the contract.
- Prior to final acceptance of the contract work, UDOT may conduct a closing audit of the Consultant. This closeout audit will be performed upon completion of the contract to verify the accuracy of all billings and compliance with the contract provisions.
- In the event that a proposing Consultant has failed to pay UDOT monies due to UDOT for over payment on past projects, UDOT has the right to reject and/or disqualify the Consultant's Proposal. Disqualification will be based on audit findings, determinations, and recommendations made by the UDOT Fiscal Audit Division.
16. **Work site Safety:** Utah Code 63G-6a-403 states UDOT may request the Consultant submitting a Proposal to provide information about the Consultant's work site safety program, including any requirement that the person imposes on sub consultants for a work site safety program and any other pertinent information.

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

17. **Disposition of Proposals:** Proposals and their content become the property of UDOT and are treated as non-public records until the Contract has been executed by all necessary officials of the Consultant and UDOT. The Proposal of the successful Consultant will be open to public inspection for a period of one year after the Contract has been executed.
18. **Consultant Debriefing:** As part of the Proposal evaluation, UDOT may provide constructive criticism of the Proposals submitted for this project.

Debriefing information may consist of scores of the first-ranked Consultant's proposal/interview and the scores, strengths and weaknesses of the Consultant's own proposal/interview.

The proposal and strengths identified in the selected Consultant's proposal/interview will be available for review in-person at the Consultant Services division, for a period of one year after the Contract has been executed.

Consultants may contact the Contract Administrator for a formal debriefing.

19. **Notice to Proceed (NTP):** NTP will be issued by Consultant Services division after contract execution. Authorization to begin work from any other source is invalid and will result in non-payment for services provided prior to authorized notification to begin work.
20. **Change in Key Personnel During Negotiations or after Notice to Proceed (NTP):** If after entering negotiations with the first-ranked Consultant, the Consultant is unable to provide the Key Personnel (prime or sub-Consultant) identified in the Proposal at the levels determined necessary for the project by the PM, the Consultant will be required to notify the PM and the Consultant Services Contract Administrator. The Consultant will then be offered the opportunity to propose a revised Project Team. The UDOT Selection Team will review the revised Project Team to determine if it is equal to or better than the originally proposed team. If UDOT determines the revised Team is equal to or better than the originally proposed team, negotiations will continue. If UDOT determines the revised team is not equal to or better than the originally proposed team, negotiations will be discontinued and UDOT will move on to the second-ranked Consultant. If the change in Key Personnel is after NTP and UDOT does not approve the change, UDOT reserves the right to cancel the contract and/or reflect the change on the Consultant Project Evaluation.

21. **Protests:** All protests with respect to this Solicitation must be in writing, and will follow the requirements in Utah Code Sections §63G-6a-1602 et seq. Deliver a copy of any protest to:

Executive Director
Utah Department of Transportation
4501 South 2700 West, 1st Floor
P O Box 141245
Salt Lake City, UT 84114-1245

Any protest not set forth in writing within the time limits specified in §63G-6a-1602 is null and void and will not be considered.

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

22. **Insurance Certificates:** The Consultant is required to provide UDOT with Certificates of Insurance meeting the current guidelines. Current insurance requirements can be found within the [Consultant Services Manual of Instructions](#) (MOI).
23. **Required Completion and Acceptance Criteria:** Progress payments will be made for work in progress. Final invoice payment will be made after: all of the work has been completed; the final estimate, project records, and documentation have been received and accepted by UDOT as accurate and complete; and a Consultant Evaluation has been performed.
24. **Government Records Access and Management Act (GRAMA):** UDOT will maintain a nonpublic process for the duration of this Solicitation. Pursuant to Subsection §63G-2-305(6) of the GRAMA, all records related to this Solicitation, including, but not limited to Proposals, evaluation, and selection procedures, and any records created during the evaluation and selection process will remain nonpublic records until the Contract has been executed by all necessary officials of the Consultant and UDOT. The GRAMA, Utah Code Ann., §63G-2-101 et seq., provides in part that certain records are protected if properly classified.

UTAH DEPARTMENT OF TRANSPORTATION

Solicitation

PART TWO

Rev. 01/23/18

Solicitation Method and Requirements Streamlined Solicitation

1. **Solicitation:** This Solicitation follows the Streamlined Solicitation processes and procedures outlined herein.

UDOT Consultant Services staff facilitates Selection Teams through the ranking and selection of Consultants to provide engineering services for transportation related projects. Consultant selection is a Qualification-Based Selection (QBS) process, where the primary factor in selection is the qualification-based criteria outlined by the Selection Team in Part Three (Project Information and Evaluation Criteria), rather than the cost of engineering services. Cost is a secondary factor after a Consultant is selected and the contract negotiation process begins.

2. **Proposal Deadline:** Submit one (1) electronic PDF file of the Proposal by email to the email address specified and prior to 11:00 AM on the submission date identified in the Selection Schedule in Part Three (Project Information and Evaluation Criteria). Proposals will not be accepted after the 11:00 AM deadline.
3. **Qualification Based Selection:** This is a Qualifications Based Selection (QBS) process based on United States Code (USC) Title 40, Chapter 11, Sections 1101 – 1104 (Selection of Architects and Engineers, otherwise known as The Brooks Act). Consultant fees are not a factor in the ranking of Consultants to provide the requested services.
4. **Consultant Fee Discussion:** Consultant fees are not a factor in the selection ranking of a Consultant to provide services. All price/cost related items which include, but are not limited to past, present or future fees associated with Consultant contracts, direct salaries / wage rates, indirect cost rates, and other direct costs are prohibited from being used in Proposals. Consultant fee discussions are not allowed. Do not include any reference to Consultant fees (past, present, or future) in the Proposal.
5. **Financial Screening:** UDOT requires Consultants to be financially screened at the appropriate level for this Solicitation. The time it takes a Consultant to complete the Financial Screening process varies and therefore UDOT encourages Consultants to submit their [Financial Screening Application and Questionnaire](#) as soon as possible.

Consultants may obtain the Financial Screening Application and Questionnaire from the UDOT website. For questions, contact the Consultant Services Financial Screener at (801)965-4138. A Consultant's Financial Screening status is effective for the period of one year from the time the Consultant is approved.

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

6. **Guidelines for Preparing Streamlined Proposals:** These guidelines were developed to standardize the preparation of a Proposal by Consultants for engineering services on a UDOT project. Submitting a Proposal is the beginning of the selection process and is used as the basis for selecting or for short-listing Consultants. The purposes of the guidelines are to ensure consistency in format and content in the Proposals prepared by Consultants and submitted to UDOT. It is highly recommended that Proposals are written and presented to UDOT in a clear and concise format which will not distract from the content of the material presented.

The following table outlines the Proposal instructions and guidelines. Any penalty or disqualification actions are clearly identified in the table. Violations that do not result in a penalty or a disqualification action may still affect the Consultant’s overall Proposal score as part of the evaluation process.

| Proposal Instructions and Guidelines | | |
|---|--|--|
| Instruction | Description of Requirement | Violation Penalty or Disqualification |
| Page Limits | Provide only the allowable number of pages as identified in Part Three (Project Information and Evaluation Criteria) | Additional pages will be removed |
| Page Sizes | Provide only the allowable page sizes identified in Part Three (Project Information and Evaluation Criteria) | Pages violating size requirement will be removed |
| Consultant Proposed Staffing Plan | Provide a copy of the Consultant Proposed Staffing Plan with no additional information beyond that which is required, as identified on the sample form | If additional information is provided, the Staffing Plan will be removed |
| Margins | Provide one-inch (1”) margins throughout the Proposal; Consultant Name/Logo and Page Headers/Footers may be within the margins | Guideline |
| Font and Line Spacing | Use a 10-point [or greater] Arial or Times New Roman font | Guideline |
| E-mail | Do NOT send Proposals directly or indirectly to any known or presumed Solicitation Selection Team members or other UDOT personnel outside of the prescribed UDOT email address | Guideline |
| PDF Submission | Send Proposals via e-mail in PDF format | Guideline |
| Proposal Deadline | Send Proposals to cssog@utah.gov prior to the 11:00 AM deadline on the date identified in Part Three (Project Information and Evaluation Criteria) | Disqualification |
| Interviews | If interviews are required, attend the date and time instructed by Consultant Services | Disqualification |

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

| | | |
|---------------------|---|------------------|
| Fee Discussion | Submit a Proposal without any reference to Consultant fees on this project or any past, present or future project | Disqualification |
| Cover Page | Provide a complete Cover page, including a signed, verbatim Acknowledgement as identified in Part Three (Project Information and Evaluation Criteria) | Disqualification |
| UDOT Staff | Provide a team that does not include any current UDOT employees or former UDOT employees who were involved in the development of this Solicitation | Disqualification |
| Financial Screening | Complete the UDOT financial screening process at the appropriate level, identified in Part Two (Solicitation Method and Requirements) | Disqualification |

1. **UDOT Right:** UDOT reserves the right to disqualify a Proposal when the intent of the Solicitation process is violated. UDOT Consultant Services staff may utilize the provision of Utah Procurement Code 63G-6a-114 to determine an error is immaterial.

2. **Selection Team:** The Selection Team members will receive copies of each responsive Proposal submitted. They will review and score the Proposals individually based on the evaluation criteria identified in Part Three (Project Information and Evaluation Criteria) and submit their scores and comments to the Contract Administrator. The Contract Administrator will tally and compile the scores and comments.

The Selection Team will then meet to discuss the Proposals and comments from individual Selection Team members and determine whether interviews are necessary or whether the selection may be made based on the averaged scores from the Proposals. Final Proposal score results are the average of voting Selection Team members' scores.

Most Streamlined Solicitation selections will be based on the Proposal scores. However, if the Selection Team determines it is necessary to conduct interviews in order to make a selection, the Selection Team will develop the format of the interviews and provide instructions on the interview format to each Consultant invited to participate.

3. **Selection Interviews:** The Streamlined Solicitation is intended to reduce the level of effort required to compete for and administrate the selection process. Interviews will take place in the event the first place ranking is a tied score for two or more Consultants, or other extenuating circumstances.

If the Selection Team determines interviews are necessary, project-specific topics will be provided to each team that is invited to participate in the interview process. Proposal scores will be carried over and will be weighted at 30% of the final score. The remaining 70% of the final score will be based on the interview.

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

4. **Selecting By Consent (SBC):** The SBC process will be used to score the interview. SBC is a scoring process that aids the Selection Team in developing final ranking through a collaborative process. In this process each segment and question of the interview is weighted in advance during the Selection Team Meeting. After the interviews are conducted, the Selection Team scores each segment and question by “consent”. Consent is defined as the willingness of all Selection Team members to accept a decision reached by a collaborative process.
5. **Qualitative Assessment Guidelines:** Throughout the scoring process (for Proposals and interviews) the Selection Team will use the following Qualitative Assessment Guidelines when scoring. These guidelines are used to help ensure consistency in scoring.

| Qualitative Assessment Guidelines | |
|--|---|
| 9 – 10 | The Proposal demonstrates a complete understanding of the subject and qualifications that significantly exceed expectations and the stated requirements. Proposal contains many strengths and minor weaknesses, if any. |
| 6 – 8 | The Proposal demonstrates a strong understanding of the subject and qualifications that exceed expectations and the stated requirements. Weaknesses, if any, are minor. Proposal contains strengths that outweigh the weaknesses. |
| 3 – 5 | The Proposal demonstrates an adequate understanding of the subject and qualifications that meet expectations and the stated requirements. Proposal contains strengths that are offset by the weaknesses. |
| 1 – 2 | The Proposal demonstrates a vague understanding of the subject and qualifications that fall below expectations and the stated requirements. Proposal contains weaknesses that outweigh the strengths. |
| 0 | The Proposal is unacceptable. The Proposal fails to meet expectations and the stated requirements. Proposal contains many weaknesses and only minor strengths, if any. |

Contract Goals

Vine Street is classified as a major collector and is one of the oldest corridors in Murray, dating to the early 1900's. The roadway has largely developed in a piecemeal fashion and lacks adequate active transportation opportunities such as sidewalks and separated bike lanes. Most of the subdivisions built off of Vine Street from 1300 East to the Van Winkle Expressway were constructed in the 1970's and assumed a future 66-foot right-of-way. These developments were largely built on farmland and many of the storm drain systems still flow into the Tanner Ditch and Salt Lake City Canal systems. Older properties on the road have open ditches adjacent to the lanes. One of the original Vine Street pavements, a concrete roadway, is buried beneath the existing road. Several projects have occurred on Vine Street from 1300 East to Van Winkle since 2014. These include a 2" mill and overlay, upgrades to the 1300 East and Vine Street traffic signal system, and the Murray Canal Trail and its crossing at approximately 1500 East. An Environmental Study was completed in 2017 for both phases of this project encompassing Vine Street from 900 East to the Van Winkle Expressway.

The first phase of construction on Vine Street from 900 East to 1300 East was initiated in 2019. Rocky Mountain Power poles and water line replacement/abandonment occurred prior to the roadway reconstruction. Similarly, the City anticipates a new Salt Lake City Water line to be constructed prior to the construction phase of this project and hope to coordinate its location with the storm drain design. The new storm drain was extended east of 1300 East and will require connection as part of this second phase.

The project will include the widening of Vine Street to a uniform 80 foot wide section complete with two traffic lanes, a median, bike lanes and shoulders, curb, gutter, and sidewalk. The project will also include irrigation and storm sewer replacement. The goal of the improvements are to provide a safe and efficient roadway for multiple modes of travel including passenger vehicles, pedestrians, and cyclists. It will also provide a safe walking route to Woodstock Elementary and the Murray Canal Trail.

Scope of Work

Provide Design Engineering Services for the Project PIN 14923, Vine Street; 1300 East to Van Winkle Expressway. The consultant will provide a complete design package to meet the goal of a complete street with sidewalk, park strip, curb and gutter, shoulder, bike lanes, 2 through lanes and a center median. Provide buildable, bidable, quality advertisement planset using Federal, UDOT's, and Murray City's standards. Expected Submitted Advertisement Date is by February 26, 2021 with construction in Fall 2021. Murray City has prepared the environmental study and the UDOT Region 2 Environmental Manager has approved the study.

Roadway/Pavement:

The project is a complete reconstruction of Vine Street from 1600 East to 1800 East. Shoulder widening, mill and pave are expected from 1300 East to 1600 East and from 1800 East to Van Winkle. The limits of this area may vary pending roadway core thicknesses. The roadway design, geotechnical study associated with pavement design and pavement design will be provided by the Consultant.

Traffic and Safety:

All signs, posts, and striping will be brought to current standard. The Consultant will provide a signing and striping plan including but not limited to: shoulders, crosswalks, center median, through lanes and

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

bike lanes.

Public Involvement:

Coordination with stakeholders to a Level 3 POP will be required with extensive "boots-on-the-ground" and stakeholder opposition experience. Public involvement is to occur in concurrence with right of way acquisitions. Provide visualization such as graphic renderings, and/or other visual aids for stakeholders as needed for project acceptance. Ensure same public involvement personnel will continue through the construction phase.

Survey:

A complete design survey and determination of existing right of way is requirement. Right of way acquisition is anticipated and will be required as part of this project. Temporary construction easements will be necessary for access tie-ins. The Consultant will prepare all necessary acquisition and easement documents and will provide acquisition and appraisal services for the required right of way. All right of way services must be selected from the Right of Way Services & Local Government Pool.

Right of Way:

The Consultant will provide ROW consultants that are qualified and remain qualified for the duration of the project, through the UDOT pool in the following areas: Appraisal, Review and Acquisition. The selected consultants will provide documentation of working experience on a minimum of 3 UDOT or Local Government projects following USPAP and the Federal uniform process. The ROW consultants will provide services and additional personal to meet project demands in their areas of expertise including appraisals, reviews, compensation estimates, and negotiations/acquisitions on behalf of the City for easements and right of way. Expect approximately 30 parcels of partial-fee and easement acquisitions and up to 4 condemnations.

Utilities and Hydraulics:

Provide utilities design and coordination- moderate impacts to utilities are anticipated. Rocky Mountain Power pole relocations will be required. Storm drain and irrigation modifications are expected and design sheets will need to be provided in addition to coordination with Murray City and affected irrigation companies. Subsurface Utility Engineering- the city anticipates potholing and investigation of utilities for all major impacts and crossings of new or replacement storm drain or irrigation. This project will include a bore under the Salt Lake City canal. Consultant is expected to prepare the permit necessary for submittal.

Structures:

Retaining walls design may be needed to minimize ROW impacts. No other structures work is expected.

Environmental Summary:

Murray City has completed a Categorical Exclusion document and the document has been approved by the UDOT Region 2 Environmental Manager. See document for anticipated impacts.

Maintenance of Traffic:

Low to moderate effort will be required to determine MOT requirements for this project. It is anticipated that one lane in each direction of travel will be maintained through construction as well as residential, business and emergency access.

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

General:

Provide constructability review at Plan-in-Hand and PS&E from a professional with similar project construction experience with quantity take-offs. Propose a realistic project delivery schedule. Work with the UDOT project manager project delivery schedule per UDOT's PDN network and update the schedule accordingly. Manage all sub-consultants' scope, schedule, and budget. All project files, including working must be available in Projectwise within 7 days of production. Preferences will be given to teams with key team-members with related project experience and a history of delivering quality similar projects on time within UDOT Region Two.

1. **Contract Completion:** Approximately **24** months from Notice to Proceed.
2. **Required Percentage of Work for Prime Consultant:** The Consultant must perform work valued at not less than **40%** of the total work, excluding specialized services, with its own staff. Specialized services are those services or items that are not usually furnished by a Consultant performing the particular type of service requested in the outlined Scope of Work.
3. **Conflict of Interest: Preconstruction and Construction Engineering Services** UDOT has determined there is an appearance of a Conflict of Interest when a Consultant performs both design and construction engineering management on the same project. Refer to Section 4: Conflict of Interest of the [Consultant Services MOI](#) for specifics.
4. **Proposal Organization:**

The information is not required to be in this exact format, as long as each item of requested information is presented, with no additional information. Proposals will be considered non-responsive and will be disqualified if the Cover Page is not attached to the Proposal; if the Acknowledgement is not included on the Cover Page; and/or if there is additional information included on the Cover Page.

No evaluation points are assigned to this section and the Cover Page will not count as one of the allowed pages.

| Project Team: The Selection Team will evaluate how well the qualifications and experience of the proposed project team members relate to the specific project. The Selection Team will score Proposals based upon the following criteria: | |
|--|---|
| % of Section Total | Project Team Section Criteria |
| 10 | Project Team organizational charts including sub-Consultants (see sample Project Team Organizational Chart available on the UDOT website). Identify Consultants and individuals that will be providing key services on the project (including all technical expertise necessary to perform the outlined Scope of Work). |
| 45 | Describe the qualifications, experience, and availability of Key Personnel on your proposed project team. Correlate the qualifications and past experience with the Contract Goals and the outlined Scope of Work. |
| 45 | Provide a table of projects completed by team members during the last ten years. The table headings should include the following items. (See sample Project Related Experience Chart available on the UDOT website). Columns may be combined in order to consolidate information. <ul style="list-style-type: none"> - Name of Project Manager / Team member(s) - Year - Type of Project - Project Name - Project Location - Project Description - Services Performed / Specific Project Role - Client - Reference Contact and Telephone Number |
| 40 | Maximum points available for this section of the Proposal (out of 100). |

UTAH DEPARTMENT OF TRANSPORTATION
Solicitation

Capability of the Firm(s): The Selection Team will evaluate the Firm(s) capability to perform the work. The Selection Team will score Proposals based upon the following criteria:

| % of Section Total | Capability of the Firm(s) Section Criteria |
|--------------------|--|
| 15 | Describe your project team firms' capability, experience and unique qualifications to perform the specific type of work identified in the Scope of Work. |
| 25 | Describe your project team firms' internal quality and cost control procedures. |
| 25 | Discuss the logistics relating to how the project team firms' will provide the services requested. |
| 35 | Choose a similar project identified in the Project Team section and discuss in detail what your project team firms' did to make that project a success. |
| 20 | Maximum points available for this section of the Proposal (out of 100). |

Approach to the Project: The Selection Team will evaluate how well you have planned a basic course of action, what alternatives and/or preliminary approaches are proposed, and what provisions are identified for dealing with potential impacts. The Selection Team will score Proposals based upon the following criteria:

| % of Section Total | Approach to the Project Section Criteria |
|--------------------|--|
| 20 | Describe the course of action proposed to meet the Contract Goals and Scope of Work. Be realistic, clear and concise. |
| 20 | Provide a schedule of key project milestones and discuss the rationale behind this schedule. |
| 25 | Discuss your project team firms' collaboration efforts and how you plan to work together with key stakeholders for a successful project. |
| 35 | Identify risks, challenges, conflicts and potential mitigation. |
| 40 | Maximum points available for this section of the Proposal (out of 100). |

A maximum total of 100 points is available for the Technical Proposal.

- 6. Consultant Proposed Staffing Plan:** The Consultant is expected to provide a [Consultant Proposed Staffing Plan](#). Consultants are not required to use this example form, as long as all necessary information is included. The Staffing Plan must identify the certification and education levels of the individuals proposed for use on the contract, including sub-Consultants' personnel. When Consultants list personnel on the Proposed Staffing Plan, the Consultant is agreeing to make the personnel available to complete the services in the contract at whatever level the project requires.

The Consultant Proposed Staffing Plan must be included in the Proposal, but will not count as one of the allowed pages. No other information is allowed on these pages. If additional information is provided, the Staffing Plan will be removed. No evaluation points are assigned to this section.

7. **Claim of Business Confidentiality:** The GRAMA, Utah Code Ann., §63G-2-101 et seq., provides in part that certain records are protected if properly classified. Consultants are responsible for determining which information, if any, they wish to be protected under a Claim of Business Confidentiality, and are responsible for taking appropriate action to do so. An entire Proposal may not be protected under a Claim of Business Confidentiality. To protect information under a Claim of Business Confidentiality, the Consultant must, at the time the information is provided to UDOT, include a [Form BC - Claim of Business Confidentiality](#). It is the responsibility of the Consultant to complete Form BC in accordance with Subsection §63G-2-309 and submit to UDOT as an attachment to the Proposal. If nothing in the Proposal is being protected under a Claim of Business Confidentiality, a Form BC is not required.
8. **Four (4) Page Maximum:** Pages exceeding the maximum limit will be removed from the Proposal prior to distribution to the Selection Team. The Cover Page, Consultant Proposed Staffing Plan and Form BC (if applicable) do not count towards the page maximum.

A page is defined as a single-sided 8.5" x 11" sized page that contains text, pictures, tables, graphs, charts, plan sheets, or any other graphics. A maximum of 4 single sided pages (which includes 8 ½" x 11" and 11" x 17" pages, where each 11" x 17" page counts as two 8 ½" x 11" pages).

Do not include a reference or link to additional information. If Proposals contain references or links, UDOT Consultant Services will remove them from the Proposal.
