SUBJECT: Request for addition to the State and the Federal-aid Primary Systems

In order to obtain Federal participation in funds it will be necessary that the routes listed below be added to the Federal-aid Primary System. These routes also should be added to the State System.

The following connecting routes require Commission action for placement on the State system and the Federal-aid Primary System:

1. University Avenue in Provo from Interstate Route 15 to FAP 1 (US 91) at 3rd South.

2. 5th East in American Fork from Interstate Route 15 to FAP 1 (US 91).

3. The north and south Beaver interstate connections.

The 13th South interstate connection in Brigham City has been approved by the Commission for addition to both the State and the Federal aid Primary System. Application should be made to the Bureau of Public Roads for addition to the Primary System.

It has been the policy to have the Research Section prepare the necessary maps and papers for presentation to the Commission and submission to the Bureau of Public Roads.

It is urgent that some action be taken on these interstate connections as they are included in our proposed Federal-aid Primary Program now being reviewed by the Commission.

RESOLUTION

State Route 7

WHEREAS, with the completion of Project F-019-1(7), from Provo to Olmstead, a distance of 4.565 has resulted in the construction on new alignment, a section of new roadway and,

WHEREAS, the remaining alignment of the old roadway will still serve as a public road though not justified as a part of the State System of Highways and,

WHEREAS, it has been recommended by Mr. Earl A. Johnson, District Engineer, and concurred in by the Utah County Commission and the Provo City Commission, that the former location of State Route 7 from near 1100 North in Provo northerly to the Provo North City Limits at 3800 North Street, be transferred to the jurisdiction of Provo City and the remaining portion from 3800 North Street to the junction with the new roadway near Olmstead be transferred to the jurisdiction of Utah County and,

WHEREAS, to maintain continuity in the State System of Highways.

NOW THEREFORE, pursuant to the Authority of Section 27-12-29, UCA, 1953, As Amended, it is hereby resolved as follows:

1. That all portions of highway constructed of new alignment as a result of Project F-019-1(7), be designated as a part of State Route 7.

2. That the remaining portion of the old alignment of State Route 7, from near 1100 North Street in Provo northerly to the Provo North City limits at 3800 North Street, a distance of 2.64 + - miles, be transferred to the jurisdiction of Provo City, and the Provo City Streets traversed by the construction of Project F-019-1(7), a total distance of 1.28 + - miles be deleted from the Provo City "C" mileage, resulting in a net increase of 1.36 + - miles in the Provo City "C" mileage.

Mayor Earl Dixon
17 South University Avenue
Provo, Utah

Dear Sir:

The new route extending University Avenue to Olmsted is nearing completion. Traffic is now using the road and the final surfacing will be placed prior to July 1st.

In the transfer of the old alignment to Provo city and Utah County, it seems desirable to extend the Provo city section to the northernmost line of the city at 3750 North. The irregularity of the north limits leaves a short section of the road within the county between approximately 3500 North to 3700 North. It will probably provide for better maintenance and control, if the city section is extended to the northern city limit line. The city will be credited with the additional right of way. If there are no objections to this proposal, the transfer will be made immediately.

This road is a Federal Aid Secondary route. The city and county should jointly agree on whether this should remain on the F.A.R.S. system. In the absence of any request, it is assumed it will remain.

Yours truly,

Earl A. Johnson, District Engineer

SUBJECT: Transfer of State Highway

DATE: July 7, 1967

The new highway constructed as Project F-019-1(7) from Provo to Olmstead is now in use and final completion will be within the next two weeks. At this time the old highway should be transferred to the local agencies.

Data in this office indicates that the new route has already been designated as FAP Route 19. The old route as F.A.S. 220 is to remain on the secondary system.

The section from the intersection with University Avenue near 1100 North (beginning of F.A.S. 220) northerly to the Provo North City Limits at 3800 North is to be transferred to Provo City. A copy of the most recent letter to Provo City is enclosed. The City Engineer reported by telephone that it was assumed that the transfer would be made if they did not present any objections to the request so a letter of concurrence was not submitted. The City previously had requested that additional work be done on the road prior to the transfer. It is doubtful that a letter of concurrence will be received.

The Utah County Commission has concurred in the transfer of the remaining section from 3800 North northerly to the Junction with the new road near Olmstead. A copy of the letter is enclosed. A map is also enclosed which shows the new route and the sections of roadway to be transferred.

The length of roadway in Provo City is 2.64+ miles. The length of roadway in Utah County is 1.66+ miles. This mileage should be added to the "B" and "C" road mileage. The new road which replaces the section of road to be transferred is 4.19+ miles.

Dear Mayor Dixon:

Subject: Transfer to a new alignment a portion of State Route 7 in Utah County

Effective August 11, 1967, the State Road Commission adopted a resolution transferring a portion of State Route 7 in Utah County, to the new alignment completed by Project P-019-I(7), from Provo to Olmstead, a distance of 4.565 miles.

The old alignment will still serve as a public road and a portion from 1100 North Street in Provo northerly to the Provo North City limits at 3800 North Street, a distance of 7.64 + - miles is transferred to the jurisdiction of Provo City, and the remaining portion of the old alignment of State Route 7 from Provo North City limits at 3800 North Street, northerly to a junction with the new alignment near Olmstead, a distance of 1.66 + - miles, is transferred to the jurisdiction of Utah County.

By this action Provo City "C" mileage is increased 1.36 + - miles, Utah County "B" mileage is increased 1.06 + - miles and the State Highway System mileage is decreased 0.21 + - mile.

Transmitted is a copy of the resolution and a location map.

SR-70, SR-102, SR-69, SR-16 and SR-51 in District 1, remove rectangular route signs from sign posts.

US-89 signs thru Sevier Valley will be replaced with "Temporary I-70" signs with rectangular signs under the Temporary I-70 sign indicating the State Route designation until completion of I-70 thru this area. Upon completion of I-70 between Sevier Junction and Salina all State Routes will be resigned by their designated State Route, District 3.

Present State Routes 15 and 80 will be dual route signed for a period of approximately two years as a guide to Tourists, Districts 5, 3 and 6.

All directional signing (junction signs, etc.) affected by these revisions will also require changing.

Mr. Darrell V. Manning, Director
Idaho Transportation Department

Mr. Robert A. Burco, Director
Oregon Department of Transportation

Gentlemen:

The Route Numbering Committee reviewed the application coming from the Idaho Department of Transportation, and concurred in by the Utah Department of Transportation, for the redesignation of I-80N.

After reviewing the application, together with objections raised by States of Washington and Oregon, the Committee voted to redesignate I-80N as I-84, subject to concurrence by the Federal Highway Administrator, and with the State of Oregon in consultation with the States of Utah and Idaho to make the determination when the sign change would take place; but no later then July 1st, 1980.

This action was reviewed by the Executive Committee at its meeting on July 7th, 1977, and concurred therein.

Sincerely,

H. J. Rhodes
Deputy Director
