DESCRIPTION OF RESOLUTION CHANGE

(A). Relocation/New Alignment - From Fruita to Jct. with old alignment.

(B). Relocation/New Alignment - Near the Fremont River Bridges west and northeast of Hanksville.

(C). Relocation/New Alignment - To I-70 Buckmaster Draw Interchange.

(D). Relocation/New Alignment - East of Capitol Reef Monument

(E). Relocation/New Alignment - In Hanksville.

(F). Relocation/New Alignment - At the Fremont River west of Torrey.

(G). Relocation/New Alignment - Between Bicknell and Torrey.

(H). Relocation/New Alignment - From Greasewood Wash to I-70 Buckmaster Interchange.

(I). Realignment - Old Alignment from near Fremont River to Muddy River transferred to jurisdiction of Wayne Co.
RESOLUTION

Designation of State System

In order to maintain continuity in the State Road System, it is desirous at this time that the following road be revised as an interim designation.

Route 24 - East of Fruita

Be it resolved that the location of State Route 24 be revised as an interim designation, subject to the approval of the legislature to delete that portion of road from Fruita southeasterly and northeasterly to a junction with the new alignment of State Route 24 southwest of Gaineville, and the new alignment of State Route 24 from Fruita easterly via the river route be added to the State System. This would decrease the length of State Route 24, 5.1 miles.

Approved July 19, 1961
TO: C. Taylor Burton, Director of Highways
FROM: W.J. Stephenson, District Engineer

SUBJECT: Highway U-24 Capital Reef National Monument

DATE: July 13, 1962

On July 10, 1962, a final inspection was made of the Park Service section of U-24 construction between Fruita and the east boundary of Capitol Reef National Monument.

Those in attendance were:

William T. Krueger, Superintendent, Capitol Reef Nat'l. Monument
Jan R. Larson, Project Landscape Architect, Park Service
Donald E. Tapp, Student employee, Park Service
Louise Mercer, Area Engineer, B.F.R.
G.E. Hunker, Project Engineer, B.F.R.
Mel Raymond, Contractor
Woodrow Winters, Contractor's Superintendent
J.D. Skivesen, Construction Engineer
W.J. Stephenson, District Engineer

The project was found to be complete in a satisfactory manner. All work has been completed with the exception of the hand rails on the Fremont River Bridge. It was explained the contractor had not been able to get delivery on this hand rail; however, it was expected it would be delivered and installed within the next few days.

It is our recommendation the Highway Dept. accept this roadway for maintenance as of July 15, 1962. We also suggest that the Park Headquarter Building be relocated through the Capitol Wash, past Notan and thence to the junction of U-24 near Aldridge (Ste, 1942) as released to the Park Service and, or Wayne County.

The Park Service wishes to reserve the right to seed the fill slopes, dikes and borrow pits this fall.

W.J. Stephenson/ct

Highway Planning Dept.
present bridge. Some savings could be realized. It was estimated the construction cost would amount to $750,000 including 10% contingencies. It was felt revision of plans for design of the Alternate line could be accomplished without much difficulty with September 8th as a dead line for advertising the project.

Commissioner Smirl made the motion, which was seconded by Commissioner Feltch and unanimously passed:

That the Commission accept the Alternate alignment for NS-371(1) Canonville Southwesterly with the additional .2 mile, and provide $150,000 additional for this project from State funds, with September 8th as a date for advertising the project.

Representative Harvard was happy with the decision.

AUTHORIZATION FOR AWARDING OF PROJECT NF-15-1(1) McGUIRE CANYON SOUTHEASTERLY 3.4 MILES, SURFACING

Director Burton stated the bid on the above project overran the estimate for 14½%, and recommended that the bid be accepted, even though it is overrun. The total amount of the bid was $92,414; whereas the Engineer's estimate was $80,955. It was pointed out by Mr. Griffin that the project was originally 2.2 miles, and about a mile beyond the summit has always been rough, so this was added making the distance 3.4 miles. He felt that with the additional quantities, the contractor would lower some of the unit prices. Another consideration was the fact that there wouldn't be time to re-advertise and launch it this construction season.

The Director said any action of the Commission would be predicated on the fact that only one bid was received, which the Construction Section indicated was fair and equitable.

It was moved by Commissioner Feltch, seconded by Commissioner Balch, and unanimously passed that:

The Commission follow the recommendation of the Staff and award the contract to LeGrand Johnson Construction Company, Inc. for $92,414.00.

FINANCIAL REPORTS

Chief Accountant Dean Steed reviewed the prepared Financial Reports for May 1962. He pointed to the increase in gas money for May, which shows an increase this month over last year of $91,000. It was noted here by Commissioner Strong, that a
Relinquishment of Realigned Highway
Change and Transfer in State and Federal Aid Route Numbers
(Authority: Sec. 27-12-29, UCA, 1953, as Amended)

RESOLUTION
State Route 24
State Route 95

WHEREAS, it is felt that a realignment of State Route 24 near Hanksville, will provide for greater highway safety and result in more economical highway operation and maintenance, and

WHEREAS, portions of the old alignment will no longer be justified as a part of the State Highway System, but, nevertheless will still serve as a public road,

NOW, THEREFORE, pursuant to the authority of Sec. 27-12-29, UCA, 1953, AS AMENDED, it is hereby resolved as follows:

1. That State Route 24 on its old alignment from a point near the Fremont River Bridge west of Hanksville easterly, to the proposed new connection of State Route 24 and 95, and from the old junction of State Route 24 and 95 northeasterly, to a point near the Fremont River Bridge, be transferred to the jurisdiction of Wayne County, a distance of approximately 4.0 miles.

2. That the proposed new alignment between points near the Fremont River Bridges west and northeast of Hanksville, be designated as State Route 24, a distance of approximately 2.9 miles.

3. That State Route 95 be extended from its present termini in Hanksville westerly, via a portion of the old location of State Route 24 to the proposed new connection to State Route
24; thence northerly, via the proposed connection to a junction with State Route 24, a distance of approximately 1.3 miles.

And, that the proposed new alignment of State Route 24 be designated as Federal-Aid Secondary Route 371, thus deleting that portion of Federal-Aid Secondary Route 371 from a point near the Fremont River Bridge west of Hanksville to its present termini in Hanksville.

And, that Federal-Aid Secondary Route 370 be extended from its present termini in Hanksville westerly, via a portion of the old location of Federal-Aid Secondary Route 371 to the proposed new connection to State Route 24; thence northerly, via the proposed new connection to a junction with Federal-Aid Secondary Route 371.

5. That by this action, State and Federal-Aid Secondary Systems will be decreased approximately 1.0 mile, and the Wayne County "A" mileage will be increased approximately 4.0 miles, at such time as the new alignment is placed in traffic service.

6. That Exhibit "A" and "B" attached herewith, illustrating the action taken herewith is hereby incorporated as a part of this submission.

Resolution

State Route 8
State Route 24

Whereas, with the programmed new connections to Interstate Route 70 west of Green River City and,

Whereas, the old alignment of State Routes 24 and 8 will no longer be justified as a part of the State Highway System but, nevertheless, will still serve as public roads.

Now Therefore, pursuant to the authority of Section 27-12-29, UCA, 1953, as amended, it is hereby resolved as follows:

1. That the old alignment of State Route 24 from the proposed new connections to State Route 24 Interchange to a junction with State Route 8 (US-50-6) be transferred to the jurisdiction of Emery County, a distance of approximately 8.8 miles.

2. That the proposed new alignment to State Route 24 Interchange, be designated as State Route 24.

3. That the old alignment of State Route 8 from the proposed new connection to US-50-6 Interchange to West Green River Interchange be transferred to the jurisdiction of Emery County, a distance of approximately 3.5 miles.

4. That the proposed new alignment to US-50-6 Interchange be designated as State Route 8.

5. That application be made to the U. S. Department of Commerce, Bureau of Public Roads, to relocate the Federal-aid Primary and Federal-aid Secondary Routes affected by the aforementioned State Route changes.

6. That by this action, State Highway System mileage will be decreased approximately 7.3 miles and Emery County "Z" mileage will be increased approximately 12.3 miles, at such time as the new alignment is placed in traffic service.
7. That Exhibit "A" attached herewith, illustrating the action taken herewith is hereby incorporated as a part of this submission.

Secretary
RESOLUTION

State Routes 2, 6, 8, 15, 24, 26, 29, 44, 54, 123, 155, 236, 259

WHEREAS, with the completion of various projects resulting in the recon-struction of new roadway on new alignment and

WHEREAS, portions of the old alignment will no longer serve as roadways but nevertheless other sections will still serve as public roads, though not justified as part of the State Highway System and

WHEREAS, a physical inventory was made of all roadways concerned in this resolution and

WHEREAS, all county officials concerned were contacted and their letters of concurrence in our recommendations are forthcoming and

WHEREAS, it has been recommended by the District Engineers concerned.

NOW THEREFORE, pursuant to Authority 12-27-12, UCA, 1953, as AMENDED, it is hereby resolved as follows:

1. Route 2 - Summit County, Project I-80-4(8)190, west of Wyoming line, a distance of 4.373 miles built on new location. Three sections of the old roadway are no longer within the N/A line and are of no further use as public roadway, therefore all portions of roadway on old alignment are abandoned, a distance of 4.200 miles, resulting in an increase of 0.173 mile in the State System of Highways.

Route 6 - Uintah County, Project F-015-3(4) west of Vernal, a distance of 2.055 miles built on new location. All portions of old alignment have either been obliterated or barricaded by barriers, therefore, all portions of the old alignment are abandoned, a distance of 2.405 miles, resulting in a decrease of 0.350 mile in the State System of Highways.

Route 8 - Emery County, Projects F-028-3(5) and F-028-3(5) south of
Carbon County line, a total distance of 14.712 miles built on new location. All portions of the old alignment have either been obliterated, including removal of some structures, or barricaded, with the exception of that portion of old alignment from a connection with the new alignment south of Price River northerly to Woodside, a distance of 0.7 + - mile. Therefore, all portions of the old alignment are being abandoned, a distance of 14.299 miles, with the exception of that portion that is being used as a public road from a connection with the new alignment south of Price River to Woodside which is transferred to the jurisdiction of Emery County, resulting in an increase of 0.7 + - mile in Emery County "B" mileage and a decrease of 0.287 mile in the State System of Highways.

Route 15 - Kane County, Projects F-014-1(2) and FLH-37-(1) east of Zion Park Boundary, a distance of 2,809 built on new location. All portions of the old alignment have been closed to the public with the exception of that portion of the old alignment from a connection with the new alignment northeasterly to a mine road, a distance of 0.400 mile. Therefore, all portions of the old alignment are abandoned, a distance of 3.942 miles, with the exception of that portion being used as a connecting roadway to the mine road which is transferred to the jurisdiction of Kane County, resulting in an increase of 0.4 + - mile in Kane County "B" mileage and a decrease of 1.533 mile in the State System of Highways.

Route 24 - Wayne County, Projects NS-371(1) and S-0371(5) east of Capitol Reef Monument, a distance of 14.484 miles built on new location. From Engineer Station 851 + - to 652 + - transferred to the jurisdiction of Wayne County, a distance of 3.600 miles, all remaining portions of the old alignment have been obliterated and, therefore, are abandoned, a distance of 11.646 miles, resulting in an increase of 3.6 + - miles in Wayne County "B" mileage and a decrease of 0.762 mile in the State System of Highways.

Route 26 - Juab County, Project F-029-3(2) from a junction with State Route 148 southwesterly, a distance of 6.615 miles built on new location. From
Engineer Station 1201 + - to 1115 + - the old alignment has been obliterated and, therefore, is abandoned, a distance of 1.949 mile. From Engineer Station 1115 + - to 85 + - to be transferred to the jurisdiction of Juab County, a distance of 5.030 miles, resulting in an increase of 5.0 + - miles in Juab County "B" mileage and a decrease of 0.364 mile in the State System of Highways.

Route 29 - Emery County, Project NR-29-1 Sanpete County line easterly, a distance of 5.908 miles built on new location. All portions of old roadway abandoned, a distance of 1.900 mile, as it will be inundated as a result of the construction of Joes Valley Reservoir, resulting in an increase of 4.008 miles in the State System of Highways.

Route 44 - Daggett County, Project S-0192(1) south of Manila, a distance of 2.186 miles built on new location. From Engineer Station 2145 + - to 2069 + - will serve as a public roadway and, therefore, is transferred to the jurisdiction of Daggett County, a distance of 2.400 miles, resulting in an increase of 2.4 + - miles in Daggett County "B" mileage and a decrease of 0.712 mile in the State System of Highways.

Route 54 - Garfield County, Project S-0392(5) near Escalante, a distance of 3.818 miles built on new location. From Engineer Station 226 + - to 111 + - to be abandoned as connections to this section of old alignment have been obliterated, a distance of 2.727 miles. From Engineer Station 111 + - to 44 + - to be transferred to the jurisdiction of Garfield County, a distance of 1.046 mile and from Engineer Station 44 + - 25 + - be transferred to the jurisdiction of Escalante City, a distance of 0.629 mile, resulting in an increase of 0.6 + - mile in the Escalante City "C" mileage, an increase of 1.0 + - mile in Garfield County "B" mileage and a decrease of 0.584 mile in the State System of Highways.

Route 123 - Carbon County, Project S-0294(1) near Sunnyside, a distance of 0.625 mile built on new location. All portions of old alignment will still serve as a public road, a distance of 0.691 mile and, therefore, will be transferred to
The construction on new location, transfers and abandonments indicated in the accompanying resolution resulted in a total of 64,816 miles being built on new location, 0.629 mile transferred to City "C" mileage, 18.767 miles transferred to County "B" mileage and 46.095 miles abandoned, resulting in a decrease of 0.675 mile in the State System of Highways.
the jurisdiction of Carbon County, resulting in an increase of 0.7 + - mile in Carbon County "B" mileage and a decrease of 0.066 mile in the State System of Highways.

Route 155 and 236 - Project NS-338(1) 1.8 mile northeast of Huntington, a distance of 0.492 mile built on new location. All portions of old alignment abandoned as they will be inundated by the construction of Huntington Reservoir, a distance of 0.47 mile, resulting in an increase of 0.017 mile in the State System of Highways.

Route 259 - Kane County, Project F-035-1(4) Kanab easterly, a distance of 6.739 miles built on new location. From Engineer Station 98 + - to 266 + - and commencing again at Station 295 + - to 383 + - to be transferred to the jurisdiction of Kane County, a distance of 4.900 miles, as they will still serve as a public roadway, all remaining portions of the old alignment have been made inaccessible, a distance of 2.054 miles, therefore, are abandoned, resulting in an increase of 4.9 + - miles in Kane County "B" mileage and a decrease of 0.215 mile in the State System of Highways.

2. That the maps attached herewith illustrating the action taken herewith is hereby incorporated as a part of this submission.

Dated this ______ day of ______, 1965.

The status of the old abandoned roads on the subject projects have been reviewed and following is my recommendation:

1. F-001-8(2) The old road should remain as it is at the present time. It lies on right-of-way that we have by agreement from the railroad. In addition, the old road and bridge are intended to be used for a stock trail for crossing the Bear River.

2. 1-80-4(8)190 Three sections of the old road are no longer within the N/A lines, as itemized below, and are of no further use to us for roadway purposes. These three sections should revert to private ownership.

   820 ± - 836 ± right side
   958 ± - 971 ± right side
   984 ± - 991 ± left side
Office Memorandum

TO: B. Dale Burningham, Chief Research Engr.  DATE: January 25, 1965
FROM: J. Q. Adair, Dist. Engr.

SUBJECT: Road Deletions

We have listed the following projects that have been constructed in the last couple of years and sections of road that should be deleted from our system:

S-0294(1) Dragerton (Culvert & Approaches)
F-028-3(6) Woodside Northerly
NR-29(1) 7 Miles W. of Orangeville (Joe's Valley)
NS-338(1) Huntington Northerly - Mohrland Connection
NR-24-2(1) Huntington North on SR-10

The NR-24-2(1) Huntington North Section has bypassed the location where the Huntington Reservoir is being constructed by the Bureau of Reclamation. A portion of this right-of-way has probably been acquired by the Bureau of Reclamation people.

RESOLUTION

State Routes 24 and 95

WHEREAS, the construction of projects S-0370(4) and FLH-42(6) from Hanksville in Wayne County to a point southeast of Trachyte Junction in Garfield County has resulted in the construction on new alignment section of new roadway, and

WHEREAS, portions of the old alignment of State Routes 24 and 95 will serve as public roads though not justified as part of the State System of Highways, and

WHEREAS, it is requested by the Wayne County Commission and concurred in by Mr. W. J. Stephenson, District Engineer, that the old alignment of State Route 24 in Hanksville and that the portion of the old alignment of State Route 95 from State Route 24 in Hanksville south to Hanksville south town limits, be transferred to the jurisdiction of Wayne County and that the old alignment of State Route 95 from a point approximately 0.3 mile south of Hanksville southerly to Wayne, Garfield County line be abandoned, and

WHEREAS, it is requested by the Garfield County Commission and concurred in by Mr. W. J. Stephenson, District Engineer, that the old alignment of State Route 95 from the junction with the "Copper Creek" county road southeasterly to the junction with State Routes 276 and 95 be transferred to the jurisdiction of Garfield County and that all remaining portions of the old alignment of State Route 95 resulting from the construction of the aforementioned projects be abandoned.

NOW THEREFORE, pursuant to the Authority of Section 27-12-29, UCA, 1953, As Amended, it is hereby resolved as follows:

That the portion of highway constructed on new alignment from engineer's stations 51+22 to 79+11 on project S-0370(4) be designated as a part of State
Relinquishment of Realigned Highway
Authority: Sec. 27-12-29, UCA, 1953, As Amended

RESOLUTION
State Route 24

WHEREAS, the construction of project SP-1598 has resulted in the
construction on new alignment a section of new roadway at the Fremont River west
of Torrey in Wayne County, and

WHEREAS, the old alignment from State Route 24 within this area re-
mained within the State right-of-way, and

WHEREAS, it is the desire of the Wayne County Commission to have the
old alignment of State Route 24, between engineer station 746+00 and 774+- be
transferred to their jurisdiction, and

WHEREAS, it has been recommended by Mr. W. J. Stephenson, District
Engineer, that the old alignment of State Route 24, between engineer station
746+00 and 774+- be transferred to the jurisdiction of Wayne County.

NOW THEREFORE, pursuant to the Authority of Section 27-12-29, UCA,
1953, As Amended, it is hereby resolved as follows:

That the portion of highway constructed on new alignment as a result
of project SP-1598 be designated as a part of State Route 24 and that the
remaining portion of the old alignment between engineer station 746+00 and 774+-
be transferred to the jurisdiction of Wayne County.

That by this action State Highway System mileage will decrease .038
mile and Wayne County "B" mileage will increase .909 mile.

That the memorandum from Mr. W. J. Stephenson, pertaining to his
recommendation concerning the transfer of the aforementioned road section be
hereby incorporated as a part of this submission.

Memorandum

TO: B. Dale Burns, Planning Statistics Supervisor

FROM: W. J. Stephenson, District Engineer

DATE: April 30, 1969

SUBJECT: S.P. 1589 Torrey - Westerly - Transfer of Old S.R. 24

We have had discussions with the Wayne County Commissioners concerning the by-passed section of S.R. 24 near the Fremont River west of Torrey.

The commissioners feel this section of old road should be transferred to the Wayne County road system. It will be needed for access to private property and will also serve as a stock drive.

We recommend the section of old S.R. 24 between Engineer Station 746+00 and 774+0 be transferred to Wayne County. This section includes a bridge across Fremont River.

Dear Mr. Pace:

Subject: Transfer of a portion of the old alignment of State Route 24 to local jurisdiction in Wayne County

Effective June 12, 1969, the State Road Commission adopted a resolution transferring a portion of the old alignment of State Route 24, created by the construction of new alignment of a portion of State Route 24, to the jurisdiction of Wayne County.

By this action Wayne County "B" mileage will increase 0.909 mile.

Attached is a copy of the resolution and a location map.

Very truly yours,

B. Dale Burningham
Chief Research Engineer

WDM:RDent;bt
Memorandum

TO: Dale Burningham, Chief Research Engineer
FROM: W.J. Stephenson, District Engineer
SUBJECT: Transfer of Old Section of S.R. 24 West of Torrey, Utah

DATE: 5-16-69

Attached is a copy of a letter from the Wayne County Commission in which they agree to the transfer of the bypassed section of road west of Torrey to the county system.

We recommend the old road be transferred to the county and then perhaps the county can release the portion they do not need back to Mr. Olekian. This will insure keeping a right of way open for fishermen and for a stock drive.

If this procedure is not possible, please advise as to procedure we should follow.

Richfield, Utah 84701

Dear Mr. Stephenson:

This is to inform you that the Board of Wayne County Commissioners has approved the transfer of the section of old S.R. 24 between Engineer Station 716+00 and 774+ referred to in memorandum of April 30th from B. Dale Burningham, Planning Statistics Supervisor to you. This section includes a bridge across the Fremont River.

Yours sincerely,

SITUATED NEAR FAMOUS "RED GATE" OF WAYNE WONDERLAND.
Mr. Cornelius H. Oliekan  
332 North Main  
North Salt Lake City, Utah

April 30, 1969

Dear Sir:

We have checked the old State right of way on the east side of the Fremont River near Torrey to determine if the Highway Department had encroached on your private property.

It was observed the excavation that was made in this area, by both our Department and the Wayne County Road Department, was confined to the old right of way.

As you will observe, from attached drawing, this right of way extends 100 feet each side of the old road. This 200 feet wide right of way starts near the east side of the bridge and extends approximately 780 feet easterly. It then narrows to a 100 ft. right of way.

It appears the excavations that have been made are within this old right of way. Some time ago we were advised by the Wayne County Commission that the existing right of way should be maintained as a county stock drive. Because of this we are recommending the by-passed section of old S.R. 24 from Engineers Station 745+00 to 774+0 be transferred to Wayne County. This is in accordance with policy, whereby the county has the first right of by-passed sections of road.

It may be possible the county would be willing to transfer that portion of the right of way they don't need back to you. However this decision is for the County Commissioners to make.

If you feel there have been other encroachments on your private property that we are not aware of we would be glad to get your ideas and look the situation over with you.

Yours truly,

W. J. Stephenson, District Engineer

RESOLUTION
State Routes 24 and 95
Page 2

Route 24 and that the remaining portions of highway constructed on new alignment as a result of projects S-0370(4) and FLH-42(6) be designated as a part of State Route 95.

That the old alignment of State Route 24 from engineer's stations 52+50 to 68+00, project S-0370(4), and that portion of the old alignment of State Route 95 from the old alignment of State Route 24 in Hanksville south 0.3 + - mile be transferred to the jurisdiction of Wayne County.

That the old alignment of State Route 95 from the Garfield County, Copper Creek road southeasterly to the junction of State Routes 276 and the new alignment of State Route 95, be transferred to the jurisdiction of Garfield County and that all remaining portions of the old alignment of State Route 95 in Wayne and Garfield Counties be abandoned.

That by this action State Highway System mileage will decrease 3.5 + - miles, Wayne County "B" mileage will increase 0.8 + - mile, and Garfield County "B" mileage will increase 4.5 + - miles.

That the letters from the Wayne County Commission and Garfield County Commission indicating their desire to have the aforementioned road sections transferred to their respective county jurisdiction, and their concurrence in the abandonment of the remaining sections of the old alignment of State Route 95 is hereby incorporated as a part of the original submission.

That the memorandum from W. J. Stephenson, pertaining to the disposition of the subject roads is hereby incorporated as a part of the original submission.

That the map attached illustrating the action taken herewith, is hereby incorporated as a part of the original submission.

Dated this 30th day of December, 1969.

Memorandum

TO: B. Dale Burningham, Chief Research Engineer

FROM: W.J. Stephenson, District Engineer

SUBJECT: Disposition of Realigned S.R. 95 Hanksville - South

DATE: 12-11-69

We have contacted the Wayne and Garfield County Commissions to
determine disposition of the realigned sections of old S.R. 95 between
Hanksville and Trachyte Jct.

Wayne County Commissioners agree to abandonment of the section
from the Hanksville town limits southerly to the Garfield County line.

Garfield County agrees to the abandonment of S.R. 95 from
Garfield-Wayne County line southerly to the Jct., with the "Copper Creek"
county road. The section of old S.R. 95 from Copper Creek southerly for
approximately 4 miles to the Jct. of S.R. 95 and S.R. 276 should be placed
on Garfield County "B" system.

Attached are letters from Garfield and Wayne Counties verifying
this disposition.

Mr. James L. Deaton
District #4 Engineer
Utah State Department of Highways
Price, Utah 84501

Dear Mr. Deaton:

We have your letter of September 11, 1969, regarding roadway described as follows:

Beginning at a point left of the NW Cor of Lot 2, Blk 2, thence south to a point left of the SW Cor Lot 2, Blk 2; thence west to a point left of the SW Cor Lot 2, Blk 2; thence west to a point right of the SE Cor Lot 1, Blk 1; thence north to a point right of the NE Cor Lot 1, Blk 1 which is a point of ending. Situated in Hanksville, Wayne County, Utah.

Mr. Don Pace, Chairman of the Board of Wayne County Commissioners has asked me to advise you that Wayne County will concur in a recommendation to transfer this section of roadway from the state to the county.

Yours Sincerely,

RESOLUTION

State Route 24

WHEREAS, the construction of Project NS-371(3) has resulted in the construction on new alignment a section of highway between Bicknell and Torrey, in Wayne County, and

WHEREAS, no portion of the old alignment will be used as a public roadway, and

WHEREAS, it is recommended by Mr. W. J. Stephenson, District Engineer, that the portion of the old alignment beginning at engineers station 554 + 10 hence running northwesterly a distance of 5000 feet be retained by the State Department of Highways as a mixing pad for maintenance road mix material and that the remainder of the old alignment be abandoned and said property revert to the adjacent property owners, and

WHEREAS, the Wayne County Commission concurs in Mr. Stephenson's recommendations.

NOW THEREFORE, pursuant to the Authority of Section 27-12-29, UCA, 1953, as amended, it is hereby resolved as follows:

That the portions of highway constructed on new alignment as a result of Project NS-371(3) be designated as part of State Route 24,

That the portion of the old alignment beginning at engineers station 554 + 10 hence running northwesterly a distance of 5000 feet be retained by the State Department of Highways as a mixing pad for maintenance road mix material and that the remainder of the old alignment be abandoned and said property revert to the adjacent property owners,

Memorandum

TO: B. Dale Burningham, Chief Research Engineer

FROM: W. J. Stephenson, District Engineer

SUBJECT: Status of Bypassed Section of S.R. 24 near Bicknell, N.S. - 371 (3)

On Oct. 20, 1971 we sent your office a memo in which we recommended a 1.8 mile section of old S.R. 28 east of Bicknell be transferred to Wayne County.

Since that time we have had further discussions with the Wayne County Commissioners and have decided it is not necessary to place the section on the county system. Attached is a letter from the county in which they change their original request.

We are presently using the easterly end of this old road as a mixing pad for maintenance road mix bituminous material. Inasmuch as it is essential that we provide our maintenance forces with adequate mixing sites we recommend the following section be retained for use by the department: beginning at engr. sta. 554 + 10 thence running northwesterly for 5000 ft. The remainder can be abandoned and revert to the adjacent property owners.

If you agree with this recommendation, we will place the necessary "Road Closed" signs and otherwise protect our mixing area from any possible through traffic.

Mr. W. J. Stephenson
District Engineer
Richfield, Utah 84701

Dear Mr. Stephenson:

After further investigation of the old section of State Road 24 beginning approximately one half mile east of Bicknell, thence running Easterly for 1.820 miles to the junction with the new state road 24, came the following statement.

It is the decision of the Board of Wayne County Commission that this road is no longer needed to provide access to the private property as mentioned in our letter dated October 21, 1971 and therefore would like to cancel it from the county road system and revert it back to the original land owners other than that needed by the State for their use.

Sincerely yours,

New U-24 to be added to the State Road System.

(Location)

Sections 10, 15, 22, 27, 34, 33, T. 22 S., R. 14 E.
Section 4, T. 23 S., R. 14 E., S.L.B.&M.

All the above property for the subject highway was purchased under Project No. S-0371(3).

Recommendations

I agree with the disposition of the old U-24 as outlined in the attached memorandum from James L. Deaton, so long as there will be adequate access provided and maintained north of new US-6 and 50 in Section 14, T. 21 S., R. 15 E., S.L.B.&M. Also as per the request of the Emery County Commission in a letter to James L. Deaton, dated May 12, 1971, to have the portion west of the intersection of the new U-24 and the old in Section 27, 28 and 33, transferred or abandoned to adjacent property owners, will this provide adequate access, or will it eliminate the access from the new U-24 highway.

Memorandum

TO: B. Dale Burningham
   Chief Research Engr, Plan. & Prog.

FROM: James L. Deaton
       District Engineer

SUBJECT: RS-S-0371(11) Disposition of U-24 from Section 4, T. 23 S.
         R. 14 E., to Section 11, T. 21 S., R. 15 E.
         PPM 07-4

DATE: May 13, 1971

By letter dated April 23, 1971, I requested the Board of Emery
County Commissioners to review the District’s recommendation for the
disposition of U-24 as captioned above. Attached hereto is a letter
dated May 12, 1971 from the Emery County Commission under the signa-
ture of Glen P. Bott, Clerk. This letter makes a small change in that
recommended in my letter of April 23, 1971. This I have discussed
verbally with Mr. Glen Jones, Commissioner and Mr. Vern Leamaster,
Emery County Road Supervisor.

Therefore in accordance with their letter dated May 12, 1971, and my
conversation with the afore mentioned gentlemen, the District Engineer
makes the following recommendations for the disposition of U-24 as
captioned above:

1. That the old U-24 alignment shown in blue on the attached
   plat be transferred to the Emery County Road System.

2. That the new U-24 alignment from the Buckmaster Interchange
   southerly to Sec. 4, T. 23 S., R. 14 E. be added to the
   State system. (shown in heliotrope color)

3. That the old U-24 alignment (shown in red) be abandoned.
   These sections as shown in red are located from the
   old US 6-50 to the new US 6-50 located in Sections 11 and
   14, T. 21 S., R. 15 E. From the N/A line on its inter-
   section with I-70 southerly to a County road shown
   on the plan and situated in Sec. 22 T. 21 S., R. 15 E.,
   and the section throughout the Hat Range property from
   the intersection with the new 24 alignment westerly
   across the San Rafael River to the intersection of a
   County road located in Sections 27 and 28, T. 22 S.,
   R. 14 E. In accordance with PPM 07-4, this is the
   recommendation of the Board of Emery County Commissioners
   and the District Four Engineer.

Quit Claim Deed

Wayne County

Parcel No. 54:1:30
Ref. Project No. NF-34(12)

The UTAH DEPARTMENT OF TRANSPORTATION, by its duly appointed Director, Grantor, of Salt Lake City, County of Salt Lake, State of Utah, hereby QUIT CLAIMS to

KAREN KESLER and SALLY ELLIOT, Grantee(s)
at

P. O. Box 28, Mendocino

County of MENDOCINO, State of CALIFORNIA, zip 95460, for the sum of FIVE HUNDRED AND NO/100 Dollars, and other good and valuable considerations, the following described tract of land in Wayne County, State of Utah, to wit:

A tract of land situated in the Section 7, T. 29 S., R. 5 E., S.L.B.& M. The boundaries of said parcel of land are described as follows:

Beginning at the intersection of the northeasterly right of way line of the former highway and the south line of said Section 7, which point is approximately 964 ft. S. 89°53' W. from the Southeast corner of Section 7, T. 29 S., R. 5 E., S.L.B. & M.; thence N. 10°07' W. 630 ft., more or less, along said northeasterly right of way line to the arc of a curve to the left; thence northwesterly 225 ft., more or less, along said arc of said northeasterly right of way line to the intersection of said northeasterly right of way line and the southwesterly right of way line of highway State Route 24 at a point 100.00 ft. perpendicularly distant southwesterly (as the centerline of said State Route 24 at approximately Engineer Station 63+15), thence N. 53°24' W. 145 ft., more or less, along said southwesterly right of way line of said State Route 24 to the intersection of said southwesterly right of way line of said State Route 24 and the east line of said Section 7 at a point 100.00 ft. radially distant southwesterly from the centerline of said State Route 24; thence south 50 ft., more or less, along said east line to the intersection of the southwesterly right of way line of said former highway and said east line; thence southeasterly 170 ft., more or less, along said southeasterly right of way line of said former highway to the arc of a curve to the right; thence southeasterly 140 ft., along said arc of said southeasterly right of way line of said former highway; thence S. 10°07' W. 625 ft., more or less, along said southeasterly right of way line to the intersection of said southeasterly right of way line and said south line of said Section 7; thence N. 89°53' E. 70 ft., more or less, to the point of beginning.

The above described tract of land contains 1.3 acres, more or less.

Together with and subject to any and all easements, restrictions, and rights of way appearing of record or enforceable in law and equity.

Junkyards, as defined in 23 USC, Section 136, shall not be established or maintained on this tract.

Quit Claim Deed

Wayne County

Parcel No. 24:1:280
Project No. WP-34(121)

The UTAH DEPARTMENT OF TRANSPORTATION, by its duly appointed Director, Grantor,
at Salt Lake City, County of Salt Lake, State of Utah, hereby QUIT CLAIMS
to Charlamar Trust, Charles A. Tuttle and Marjorie Tuttle, Co-Trustees, Grantee,
at P. O. Box 750012, Torrey, Utah 84775

County of Wayne, State of Utah, zip 84775, for the sum
of Ten ($10.00) Dollars,

and other good and valuable considerations, the following described tract of land
in Wayne County, State of Utah, to-wit:

A tract of land situated in the NE1/4 of Section 13, T.20 S., R.5 E.,
S.1/2 W. The boundaries of said tract of land are described as follows:

Beginning at a point in the northeasterly right of way line of the former
highway (referred to as County Road No. 161 per deed of record, Entry No. 101660,
Book 42, Page 34 recorded May 10, 1977) which point is approximately 821 ft.
S.89°22′06″ W. and 377 ft. S.0°07′E. from the northeast corner of said Section 13, said
point is also approximately 140 ft. perpendicularly distant northeasterly from the
center line of highway State Route 12 known as project WP-34(121) at Engineer Station
16+00; and Running thence S.42°40′00″ W. 39 ft., more or less, to a point in the
northwesterly "Right of Way Line" of said highway State Route 12; thence S.48°12′E.
174 ft., more or less, along said "Right of Way Line" of State Route 12 to a point
in said northeasterly right of way line of said former highway; thence Northwesterly
183 ft., more or less, along said northeasterly right of way line of said former
highway to the point of beginning. The above described tract of land contains 0.118
acre. more or less.

Together with and subject to any and all easements, rights-of-way and
restrictions appearing of record or enforceable in law and equity.

Witnaveys, as defined in 23 United States Code, Section 170, shall not be
established or maintained on the above described tracts of land.

IN WITNESS WHEREOF, said UTAH DEPARTMENT OF TRANSPORTATION has caused this
instrument to be executed this 5th day of November, 1993, by its Director.
