**DESCRIPTION OF RESOLUTION CHANGE**

(A). Re-designated - SR-30 to various routes in northern Utah.

(B). Re-designation - U.S. 30 to traverse coincident with I-80N.  

*(AASHTO Application Only)*

(C). Re-designation - Multiple re-designations throughout state.

(D). Deletion - From West Tremonton Interchange to Jct. SR-69. Along with other re-designation within this resolution.

(E). Limited Access - From Riverside Interchange to 450 ft. east of 6000 West.
RESOLUTION
State Route 30 & 117

WHEREAS, it has been recommended by the County Officials of those counties in the northern part of Utah, to provide a state signed route traversing the northern counties in Utah and,

WHEREAS, the designation of Route 30 coincides with the State of Nevada designation from US-40 near Oasis Nevada to the Nevada-Utah line and, 

WHEREAS, to provide a travel guide number, traversing existing State Routes from the Utah-Nevada State line easterly via Curlew Junction, Tremonton, Deweyville, Logan, Garden City and Sage Creek Junction to the Utah-Wyoming State line and,

WHEREAS, the redesignation of present State Route 30 in Sanpete County is concurred in by the Sanpete County Commission and, 

WHEREAS, the redesignation of all State Statutory numbers involved in this proposed route would involve a tremendous number of changes in our present record keeping system and whereas a guide sign would accomplish the desired effect.

NOW THEREFORE, be it resolved as follows:

1. That a State signed guide Number 30 be assigned from the Utah-Nevada State line northeasterly via State Statutory Route 70 to Curlew Junction; thence, east via State Statutory Route 42 to Snowville; thence, southeasterly via State Statutory Route 3 (I-80N) to Bothwell Junction; thence, east via Tremonton and State Statutory Route 102 to Deweyville; thence, northeasterly via State Statutory Route 69 to Logan; thence, north via State Statutory Route 85 to 4th North Street; thence, northeasterly via State Statutory Route 13 to Garden City; thence, southeasterly via State Statutory Route 16 to Sage Creek Junction; thence, east via State Statutory Route 51 to Utah-Wyoming State line.
RESOLUTION
State Route 30 & 117
Page 2

2. That the present State Statutory Route 30 in Sanpete County from Fountain Green on State Route 11 southerly via Freedom and Wales; thence, easterly via Chester to Spring City; thence, northerly to a junction with State Route 32 near Mt. Pleasant be redesignated State Route 117. This would be necessary so that tourist maps would not reflect two signed routes with the same guide number.

3. That signs will be placed on the aforementioned roadways as indicated on the attached diagram; the guide sign placed near the top in standard size state route signs, with a small sign below denoting the State Statutory number.

4. That by this action State Highway System mileage will not be affected.

5. That the State Highway Department of Wyoming be contacted, asking for their cooperation in redesignating that portion of Wyoming State Highway 89 to the designation of 30, from the Utah-Wyoming State line to a junction with US-30N near Sage.

6. That the Exhibit attached herewith illustrating the action taken herewith is hereby incorporated as a part of this submission.

Dated this 25th day of November, 1966.

December 7, 1958

Mr. Daniel Bell, Division Engineer
U. S. Department of Commerce
Building of Public Roads
Federal Building
153 East State Street
Salt Lake City, Utah 84111

Dear Mr. Bell:

Subject: Redesignation of State Route 30 in Box Elder, Cache and Rich Counties, and State Route 117 in Sanpete County

Effective November 25, 1958, the State Road Commission adopted a resolution transferring the designation of State Route 30 as a highway route traversing existing State Routes from the Utah-Wyoming State line easterly via Garden Junction, Tremonton, Deweyville, Logan, Garden City and Sanpete Creek Junction to the Utah-Wyoming State line. This provides a travel guide and coinciding with the designation of State Route 30 in Nevada.

By this action the old designation of State Route 30 in Sanpete County from Fountain Green on State Route 15 southerly via Freedom and Wells; thence, southerly via Center to Perry City, thence, southerly to a junction with State Route 33 west of Mt. Pleasant is redesignated State Route 117.

Transmitted is a copy of the resolution and a location map.

Very truly yours,

R. Dale Burrows
Chief Research Engineer

Memorandum

TO:  Dale Burningham
     Chief Research Engineer

FROM: Howard B. Leatham, Engineer
      for Planning and Programming

SUBJECT: Official Redesignation of U. S. 30S

DATE: Nov. 25, 1970

The attached letter from H. J. Rhodes indicates approval of our application to change the routing of U. S. 30S to be coincident with I-80N from Snowville to the Idaho State Line. Please change your official records to show this approval and provide notification to the District Engineer of the approval and of signing changes that will be required as a result of this action. It is also requested that you notify the appropriate local officials.

It should be noted that a portion of the Interstate System near Snowville is still under construction and therefore, U. S. 30S signs will have to remain on the existing route through Snowville until the Interstate segment is completed.

SUBJECT: Redesignation of U.S. Route 30S in Box Elder County

DATE: December 17, 1970

On November 6, 1970, the American Association of State Highway Officials, approved the redesignation of U.S. Route 30S from Snowville northwesterly to the Idaho State line.

The old alignment of U.S. Route 30S from Snowville west to Curlew Junction will be signed State Route 30. State Route 30 will continue on from Curlew Junction southwesterly via Rosette to the Nevada State line. The statutory number assigned to these sections is State Route 70. From Curlew Junction northwest to the Idaho State line near Strevell Idaho will be signed State Route 42.

Signing of these two sections should be accomplished as soon as possible.

SUBMIT SIX COPIES
RESOLUTION

Redesignation of Various State Routes

WHEREAS, it has been determined that it would be advantageous for record keeping and developing a Highway Reference System that various state routes be redesignated by hierarchy with the route number being synonymous with the US route designation, and

WHEREAS, this proposed revision of State Route Designations is concurred in by all District Directors.

NOW THEREFORE, be it resolved as follows:

That Interstate Route 15 be designated as State Route 15 and by this action delete the designation of State Route 1 and redesignate present State Route 15 as State Route 9,

That Interstate Route 80 be designated as State Route 80 and by this action delete the designation of State Route 2 and redesignate present State Route 80 as State Route 92,

That Interstate Route 80N be designated as State Route 82 and by this action delete the designation of State Route 3 and redesignate present State Route 82 as State Route 126,

That Interstate Route 70 be designated as State Route 70 and by this action delete the designation of State Route 4 and redesignate present State Route 70, part of State Route 102, part of State Route 69, part of State Route 161 and State Route 51 as State Route 30 and by this action delete the designation of State Route 51,

That Interstate Route 215 be designated as State Route 215 and by this action delete the designation of State Route 5,

That US-6 and 50 from the Utah-Nevada State line to Delta be designated as State Route 6 and that US-6 from Delta to the junction with I-70 west of
RESOLUTION
Redesignation of Various State Routes
Page 2

Green River also be designated as State Route 6, and by this action delete the
designation of State Route 27,"

That US-40 be designated as State Route 40, and by this action delete
the designation of State Route 6, and redesignate present State Route 40 as State
Route 134,

That US-50 from Delta to Salina be designated as State Route 50, with
the exception of that section coincident with Interstate Route 15 and by this
action delete the designation of State Route 26, and redesignate a part of present
State Route 50 as State Route 26,

That US-89 be designated as State Route 89, with the exception of those
sections coincident with Interstate Route 70, US-6, I-15, and US-91, and by this
action delete the designation of State Route 259, part of State Route 11, part
of State Route 28, State Route 32, State Route 8, State Route 271, part of State
Route 166, State Route 169, State Route 49, part of State Route 50, part of State
Route 84, State Route 13, and the remaining part of State Route 16, redesignate
present State Route 89 as State Route 169, and redesignate that portion of State
Route 84 from Brigham northerly to State Route 30 as State Route 13,

That US-91 be redesignated as State Route 91, and by this action delete
the designation of State Route 89,

That US-189 be designated as State Route 189, with the exception of
those sections coincident with US-40 and Interstate Route 80, and by this action
delete the designation of State Route 7, 151, and part of State Route 163,

That US-163 be designated as State Route 163, and by this action delete
the designation of State Route 47, part of State Route 9, and redesignate present
State Route 163 as State Route 78,

That US-666 be designated as State Route 666, and by this action delete
RESOLUTION
Redesignation of Various State Routes
Page 3

the remaining portion of State Route 9,

That as a result of the aforementioned revisions the State Routes involved will be described as follows:

1. **Route 6** From the Utah-Nevada State line easterly via Delta and Tintic Junction, thence easterly via Santaquin, Payson and Spanish Fork to Moark Junction, thence easterly via Spanish Fork Canyon and Price to Route 70 (Interstate Route 70) west of Green River.

2. **Route 9** From Harrisburg Junction on Route 15 (Interstate Route 15) easterly to Zion National Park south boundary, thence from Zion National Park east boundary to Mt. Carmel Junction on Route 89.

3. **Route 11** From the Utah-Arizona State line north to a junction with Route 89 in Kanab.

4. **Route 13** From a junction with Route 91 in Brigham City northerly via Bear River and Haws Corner to a point south of Riverside, thence east to Route 30 north of Collinston.

5. **Route 15** From the Utah-Arizona State line near St. George to the Utah-Idaho State line south of Malad, Idaho, (traversing the alignment of Interstate Route 15). Segments of present State Routes used as Interstate Traveled-way will remain State responsibility until these segments are replaced by completed Interstate Projects.

6. **Route 16** From the Utah-Wyoming State line northerly to Route 30 at Sage Creek Junction.

7. **Route 26** From Route 84 in Roy easterly to Route 89 in Ogden (Former SR-50 Part).

8. **Route 28** From a junction with Route 89 in Gunnison northerly via Levan to a junction with Route 15 (Interstate Route 15) north of Levan.

9. **Route 30** From the Utah-Nevada State line northeasterly via Curlew Junction to Route 82 (Interstate Route 80N) west of Snowville. Then commencing

SR-70, SR-102, SR-69, SR-16 and SR-51 in District 1, remove rectangular route signs from sign posts.

US-89 signs thru Sevier Valley will be replaced with "Temporary I-70" signs with rectangular signs under the Temporary I-70 sign indicating the State Route designation until completion of I-70 thru this area. Upon completion of I-70 between Sevier Junction and Salina all State Routes will be resigned by their designated State Route, District 3.

Present State Routes 15 and 80 will be dual route signed for a period of approximately two years as a guide to Tourists, Districts 5, 3 and 6.

All directional signing (junction signs, etc.) affected by these revisions will also require changing.

Gentlemen:

The Route Numbering Committee reviewed the application coming from the Idaho Department of Transportation, and concurred in by the Utah Department of Transportation, for the redesignation of I-80N.

After reviewing the application, together with objections raised by States of Washington and Oregon, the Committee voted to redesignate I-80N as I-84, subject to concurrence by the Federal Highway Administrator, and with the State of Oregon in consultation with the States of Utah and Idaho to make the determination when the sign change would take place; but no later then July 1st, 1980.

This action was reviewed by the Executive Committee at its meeting on July 7th, 1977, and concurred therein.

Sincerely,

H. J. Rhodes

RESOLUTION
Transfer of SR-30, (FAP-44)
Extension SR-69, (FAS-529) SR-102, (FAS-508)
Deletion SR-129, (FAS-550)

WHEREAS, Section 27-12-27 of the Utah Code 1987-1988 provides for the addition or deletion of highways from the State Highway System and

WHEREAS, the District One Director recommends transfer of SR-30 from its present termini between SR-84 and SR-129 to the roadway that SR-129 currently traverses, along with extensions to both SR-102 and SR-69 to the roadway that SR-30 currently traverses, and

WHEREAS, Box Elder County and Tremonton City concur with the aforementioned transfer extensions and deletion of state routes, and

WHEREAS, the appropriate staff of the Transportation Planning Division has reviewed the proposal and agrees with the need for transfer, extension and deletion of said state routes.

NOW THEREFORE, be it resolved as follows:

1. A portion of State Route 30 (along with Federal-Aid Primary Route 44), from SR-84 West Tremonton Interchange M.P. 90.50 traversing easterly to the junction of SR-69 M.P. 96.47, thus traversing northerly to the junction of SR-129 M.P. 101.49 a distance of 10.99+ miles be deleted from the state system.

2. State Route 129 (Federal-Aid Secondary 550), from M.P. 0.00 to M.P. 4.35 a distance of 4.35+ miles be deleted from the state system.

3. That State Route 102 (along with Federal-Aid Secondary Route 508), from its present termini at the on and off ramps on the west side of the West Tremonton Interchange traversing easterly to the junction of State Route 69, a distance of 5.97+ miles, be extended and Functionally Classified Major Collector.

4. That State Route 69 (along with Federal-Aid Secondary Route 529), from its present termini at the junction with present State Route 30 traversing northerly to the junction with present State Route 129 a distance of 5.02+ miles, be extended and Functionally Classified Major Collector.

5. That State Route 30 (along with Federal Primary Route 44), be placed on alignment that State Route 129 traversed from the S.B. on and off ramps of SR-15 (Riverside Interchange) to the junction with the new portion of State Route 69 a distance of 4.35+ miles and be Functionally Classified Minor Arterial.

6. The new portion of State Route 30 will be mileposted at 97.14 from its new termini in order to maintain milepost integrity throughout the remainder of the route.

7. By this action the Federal-Aid Primary System will decrease 6.64 miles while the Federal-Aid Secondary System will increase 6.64 miles.
RESOLUTION
Transfer of SR-30, (FAP-44)
Extension SR-69, (FAS-529) SR-102, (FAS-508)
Deletion SR-129, (FAS-550)

8. The above mentioned changes be acted upon completion of that portion of interstate system traversing from Tremonton Interchange to Riverside Interchange, also upon approval of the Federal Highway Administration.

9. The accompanying letters and maps be made part of this resolution.

Ogden, Utah 84404

Dear Mr. Clinton D. Topham:

I discussed your letter, dated January 23, 1989 with our City Council; and they have no objection to your proposals, as they are outlined. The City Council did feel, that the state should consider adding to the Federal Aid Secondary System, the road which would service the Tremonton I-15 off ramp. This would mean designating 1000 North from 2300 West to 1000 West; and designating 1000 West from 1000 North to Main Street or Highway 30. See attached map.

Your consideration of this would be greatly appreciated.

Sincerely,

[Signature]

Richard E. Woodworth
Tremonton City Manager

CC: Gil Smart/Mayor, Tremonton City

Ogden, Utah 84404

Dear Clint:

This letter is in response to your letter of January 23, 1989, wherein you ask for our concurrence in route numbering changes. First of all we thank you for the consideration in allowing our input in this matter. With regards to SR 129 being changed to SR 30, we feel that this is a good change and will enhance the numbering system. Your letter and map do not agree on what we think you want to do with 102 and 69. We do agree that the State Route 102 be extended east through Tremonton and terminate at its intersection in Deweyville with SR 69. We again agree that SR 102 in its total length from SR 83 to SR 69 be a State Route. We also concur that SR 69 be extended to the north to intersect with SR 30 north of Collinston.

The last request about a new connection to I-15 in Tremonton; we are not aware of this situation as of yet, unless you mean to say that Tremonton would like to have a city street put on the FAS system. As of this date, Tremonton City has not asked us for our opinion, to my knowledge, except that their city engineer mentioned they were thinking about it and would we support it. However, no formal request to date has been acted upon.

We trust this will suffice as Box Elder County's input to these questions.

Respectfully,

Denton H. Beecher, RLS
Box Elder County Surveyor

Memorandum

TO: HPP-UT
    Donald P. Steinke, Chief Administrator
    Federal Highway Administration

FROM: UT-TP
    Mark Musuris, P.E.
    Engineer for Transportation Planning

SUBJECT: Response to April 14, 1989 actions on Func. Class, FAP, and FAS Systems

Reference is made to your April 14, 1989 Functional Classification Action No.1, FAP System Action No.1 and FAS System Action No.1. It was our intent that these actions would not become effective until Interstate 15 was completed and open to traffic. We would appreciate action taken by your office to defer these actions until the above mentioned roadway has been open to traffic.

APPROVED DATE 10/16/89
FHWA UTAH DIVISION

FOR DIVISION ADMINISTRATOR
RESOLUTION
Limited Access
SR-30 from I-15 Riverside Interchange
to 6000 West Project No. RS-0550(1)

WHEREAS, the District One Director recommends a portion of SR-30 from the
Riverside Interchange traversing east to approximately 450 feet east of 6000
West be limited access roadway for reasons which include steepness of roadway
grade, also preventing access near the intersection of 6000 West and

WHEREAS, the Utah Department of Transportation policy indicates access
control for an entire route or major portion of route is subject to approval
by the Utah Transportation Commission and

WHEREAS, the appropriate staff of the Transportation Planning Division has
reviewed the proposal for limiting access on said portion of roadway.

NOW THEREFORE, be it resolved as follows:

1. The portion of SR-30 Project No. RS-0550(1) from engineer station
32+65 Riverside Interchange traversing easterly to engineer station
53+56.77 approximately 450 feet east of 6000 West a distance of
.40 ± miles be designated a limited access roadway.

2. The portion of 6000 West traversing north from SR-30 along the east
side of roadway for 225 feet .04± miles and the portion of 6000
West traversing south from SR-30 along the east side for 225 feet,
.04± miles be designated as a limited access roadway.

3. The accompanying letter and map be made part of this resolution.

Memorandum

TO: Ron Delis, P.E.
    Engineer for Programming

FROM: Clinton D. Topham, P.E.
      District One Director

SUBJECT: SR-129, Riverside Connection
         RS-0550(1)

The above mentioned project is in the design phase, with right-of-way design being nearly complete. This office recommends a portion of the project between I-15 and the West Branch of the Bear River Canal, as shown on the attached map, be subject to access control. Reasons for the access control include the steepness of the roadway grade from I-15 to 6000 West, and preventing access near the intersection of 6000 West with exiting SR-129.

Please prepare the necessary documents so that this issue may come before the executive staff and Transportation Commission at your first opportunity, so that right-of-way acquisition can be completed.

The following more accurately describes the roadway sections recommended for access control:

Beginning at the end of the Riverside interchange N/A line at Station 32+65 and proceeding easterly along SR-129 to Station 53+56.77, approximately 450 feet east of the 6000 West Road, a distance of approximately 2100 feet along SR-129 making appropriate accommodation for the Union Pacific Railroad (Malad Spur) crossing and the 6000 West intersection. Also extending north along the east side of 6000 West, a county road for approximately 225 feet and south along the east side of 6000 West for 225 feet. Openings to facilitate existing land uses will be provided.
