COUNTY/VOLUME & RESOLUTION NO.

A. Tooele Co. 1/108  B. Juab Co. 9/10

DESCRIPTION OF RESOLUTION CHANGE

(B). Re-designation - Re-designated SR-67 as the south leg of SR-36 from SR-6 to Tintic Junction.
Interim Designation of Federal-Aid Highways
Authority: Section 27-12-27, UCA, 1953, As Amended

RESOLUTION

State Routes 2, 36 and 138

WHEREAS, a programming of Interstate Construction Projects in Tooele County between Timpie and Lake Point Junction, a distance of 22.5 miles has resulted in the need to redesignate State Routes within this area and,

WHEREAS, to maintain continuity in the State System of Highway it is necessary to redesignate a portion of State Route 2 between Timpie and Lake Point Junction and,

WHEREAS, with the construction of Stansbury Road from US-40 to Interstate Route 80 Interchange, a distance of 2.6 miles, a portion of the old location of State Route 2 from Stansbury Road Junction to Timpie will no longer be justified as a part of the State System of Highways but nevertheless a portion of this roadway will still serve as a public road and,

WHEREAS, in compliance with the resolution adopted by the Utah State Road Commission on August 20, 1962, designating Interstate Route 80 as State Route 2 as maintenance responsibility is assumed.

NOW THEREFORE, pursuant to the Authority of Section 27-12-27, UCA, 1953, AS AMENDED, it is hereby resolved as follows:

1. That the new alignment to be created by the programmed construction of Interstate Route 80 between Timpie Interchange and Tooele Interchange will be designated as part of State Route 2.

2. That State Route 36 be extended from its present termini at Mills Junction northerly via the former location of State Route 2 to the Tooele Interchange (Southwest of Lake Point Junction).

3. That the old location of State Route 2 from Mills Junction westerly via Grantsville to Stansbury Road Junction be redesignated as State Route 138 and the Stansbury Road connection between former State Route 2 and Stansbury Interchange will also be designated as part of State Route 138.
4. That the old location of State Route 2 from Stansbury Road Junction northwesterly to a proposed cul-de-sac east of Timpie Junction, a distance of 5.5 + - miles will be transferred to the jurisdiction of Tooele County, at such time as Interstate Route 80 and the Stansbury Road connection is completed and opened to traffic.

5. That application be made to the U. S. Department of Commerce, Bureau of Public Roads to relocate Federal-aid Primary Route 2 to traverse Interstate Route 80 between Timpie Interchange and Tooele Interchange and that Federal-aid Primary Route 11 be extended from its present termini at Mills Junction northerly to Tooele Interchange. That the roadway redesignated as State Route 138 from Stansbury Interchange to Mills Junction be placed on the Federal-aid Secondary System of Highways.

6. That by this action State Highway System mileage will increase 17.9 + - miles, Tooele "B" mileage will increase 2.9 + - miles, Federal-aid Primary System mileage will decrease 2.5 + - miles, and Federal-aid Secondary System mileage will increase 20.4 + - miles.

7. That Exhibit "A" attached herewith illustrating the action taken herewith is hereby incorporated as a part of this submission.

Dated this 29th day of October, 1965.

RESOLUTION

Re-designation of SR-67 as a
Portion of SR-36
Juab County

Whereas, Section 27-12-27 of the Utah Code 1990 provides for the addition to or deletion from the State Highway System, and

Whereas, The configuration of roadways along with the absence of detail contained within the State Highway Map at the area known as Tintic Junction creates confusion to the traveling public, and

Whereas, The District Six Director has indicated that the traveling public continually travels two miles out of direction as a result of missing the connection to SR-36 via SR-67, and concurs with the appropriate changes incorporated within this resolution, and

Whereas, The appropriate staff of the Transportation Planning Division have reviewed the problems related to the conditions existing at the Tintic Junction area and recommend re-designating SR-67 as a part of SR-36.

NOW THEREFORE, be it resolved as follows:

1. Roadway known as SR-67 will be redesignated as a portion of SR-36, and will reside as the South Leg of SR-36, traversing alignment that was occupied as SR-67. The mileposting will proceed from the current ending milepost of SR-36 at the SR-80 off ramp, commencing again at mile point 66.51 and ending at mile point 67.57 a distance of 1.06± miles.

2. The functional classification will remain Minor Arterial and the Federal System Designation will remain FAP-11.

3. This resolution will be actuated upon approval of the Transportation Commission.

4. The accompanying Memorandum and map be part of this resolution.

Dated on this 13th day of December 1991

Memorandum

DATE: November 20, 1991

TO: Clinton Topham, P.E.
Director of Planning

FROM: Dan F. Nelson, P.E.
District Six Director

SUBJECT: Redesignation of SR-67

On semi-annual inspections this past fall it was brought to our attention that confusion exists in regards to SR-67 and US-6 at the junction south of Eureka. The confusion exists because of the lack of detail on the State Highway Maps provided to the traveling public which shows a direct connection between US-6 and SR-36 for traffic that would be traveling north on SR-6 and attempting to continue north on SR-36. If US-6 traffic traverses US-6 to the SR-36 junction, the user actually will travel over 2-miles out of direction because he misses the opportunity to connect to SR-36 via SR-67. (See attached maintenance Station 8621 map).

Because of the confusion with SR-67, which is actually the shorter route for continuing northward, it would be advisable to redesignate that section of SR-36 from milepost 0.0 to 1.4 as SR-67 and likewise redesignate the section of SR-67 from milepost 0.0 to 1.06 as SR-36. This would eliminate the confusion for travelers attempting to following the official State Highway Map.

If you can follow this reasoning and concur with the recommended changes, please make provisions for the changes that would require resolutions and I will make provisions to change the highway signing, the feature inventory and accompanying maintenance maps.

If you have questions or comments, please contact me at your convenience.
Memorandum

TO : Clinton Topham, P.E.
     Director of Planning
FROM : Dan F. Nelson, P.E.
       District Six Director
