PLACING S.R. 54, FROM ESCALANTE TO BOULDER, ON FEDERAL AID SECONDARY SYSTEM

Director Morgan said that the road from Escalante to Boulder had been designated by Garfield County as Priority No. 1 to receive secondary road funds, and it was, therefore, recommended that this road be placed on the Federal Aid Secondary System.

Upon motion made by Commissioner Smirl, seconded by Commissioner Feltch, and unanimously passed, the following revision of description of Federal Aid Secondary Route No. 392 was approved:

1. F-001-8(2) The old road should remain as it is at the present time. It lies on right-of-way that we have by agreement from the railroad. In addition, the old road and bridge are intended to be used for a stock trail for crossing the Bear River.

We have listed the following projects that have been constructed in the last couple of years and sections of road that should be deleted from our system:

- NR-29(1) 7 Miles W. of Orangeville (Joe's Valley)
- NS-338(1) Huntington Northerly - Mohrland Connection
- NR-24-2(1) Huntington North on SR-10

The NR-24-2(1) Huntington North Section has bypassed the location where the Huntington Reservoir is being constructed by the Bureau of Reclamation. A portion of this right-of-way has probably been acquired by the Bureau of Reclamation people.

SUBJECT: Revision of Federal-aid Secondary Route 274 and Relocation of Federal-aid Primary Route 1 in Juab County

On May 14, 1971, the Utah State Road Commission adopted a resolution related to the subject Federal-aid routes. The resolution relates the reasons and the recommended action to be taken.

We hereby request that the Federal Highway Administration approve these recommended changes.

Approval of the relocation of Federal-aid Primary Route 1 would not necessitate a change in the approved description of Federal-aid Primary Route 1 but will decrease the Federal-aid Primary System mileage 0.2 mile.

Transmitted herewith are the requested number of resolutions, map sheets and route description sheets.

SUBJECT: Utah Systems—Relocation of FAS 274 and Relocation of FAP 1 all in Juab County

The letter from Juab County and the "Request for FAS system revision" from Juab County and Mona City are accepted as evidence of the local cooperation required by Section 103c of Title 23 U.S. Code.

This fourth secondary system action of the year increases the secondary system by 1.1 miles for a total increase of 4.1 miles since January 1, 1971.

We also approve the relocation of FAP Route 1 to coincide with the location of Interstate Route 15 from the North Nephi Interchange to the Utah-Juab County line and the transfer of the old road to local jurisdiction upon completion of the Interstate route in the area. This action will decrease the Federal-aid primary mileage by 0.2+ miles and increase the Juab County "B" mileage by 10.8+ miles and the Mona City "C" mileage by 0.8+ miles.

We are returning one copy of the approved description for FAS Route 274 and one copy of the map which we have revised to eliminate the North Mona Interchange in accordance with our letter of August 3, 1970.

SUBJECT: Transfer of Bypassed Roadway

The newly constructed section of Interstate 15 between North Nephi and Two Miles south of the Juab, Utah County Line, Project I-15-5(3.228) 1st Contract, and S-0274(2) was opened to traffic on July 15, 1975.

It is proposed that the old roadway, S.R. 41 (Temporary I-15) be transferred to Juab County and Mona Town. Agreements signed by the appropriate officials are enclosed. These were effective on June 30, 1975 and were appropriate for execution on that day by the officials of the State Road Commission. There has been some delay in getting the documents to you, but it is believed that they are still appropriate.

The construction also provided a new connection from I-15 to Mona Town. This roadway replaces an existing road which was under the jurisdiction of Mona Town and Juab County. This new road will now be a part of the State Road System.

Will you provide for the transfer of these roadways?

The information available here shows that the section of S.R. 41 (Temp. I-15) within Mona Town is 1.27 miles long. The remaining portion of S.R. 41 which is bypassed and is to be transferred to Juab County is 8.86 miles long.

The Mona Connection which is S.R. 54 occupies existing roads. A section 0.30 miles long was in Mona Town. The remaining 0.8 miles was previously a Juab County road.
