RESOLUTION

State Route 1 & 106

WHEREAS, the programming of Interstate construction projects in Davis, Weber and Box Elder Counties between Layton south city limits and Hot Springs, a distance of 22.1 ± miles, has resulted in the completion of Interstate Projects I-15-7(69)326 and I-15-8(21)334 from Layton south city limits to 31st Street in Ogden and,

WHEREAS, to maintain continuity in the State System of Highways it is necessary to redesignate a portion of State Route 1 in Davis, Weber and Box Elder Counties and,

WHEREAS, in compliance with the resolution adopted by the Utah State Road Commission on August 20, 1963, designating Interstate Route 15 as State Route 1, as maintenance responsibility is assumed.

NOW THEREFORE, pursuant to the Authority of Section 27-12-27, UCA, 1953, as Amended it is hereby resolved as follows:

1. That the new alignment created by the construction of Interstate Project I-15-7(69)326 and I-15-8(21)334 from Layton south city limits to 31st Street in Ogden and the programed Interstate Projects from 31st Street in Ogden to Hot Springs be designated as State Route 1.

2. That State Route 106 be extended from its present termini near Layton south city limits northerly via the old location of State Route 1 to a junction with Interstate Route 15 and State Route 84 at Hot Springs.

3. That by this action State Highway System mileage will increase 22.1 ± miles.
4. That the exhibit attached herewith illustrating the action taken herewith is hereby incorporated as a part of this submission.

SUBJECT: Utah Systems - Extension of Federal-aid Secondary Route 123 in Davis County

We approve effective today the extension of FAS Route 123 from its present termini at FAP Route 30 easterly a distance of 0.4 mile via Sheppard Lane to FAS Route 116 in Farmington.

This change is proposed to develop a connection from Farmington to SR-49 and re-route traffic to Kaysville to eliminate a hazardous intersection at the junction of FAS 116 and FAP 30 north of Farmington. Access to the Primary route will still be provided but through traffic on FAS 116 will be rerouted so that it does not cross US-89 (SR-49) through the intersection.

The letter dated February 14, 1969, from the Davis County Commission and the letter dated February 21, 1969, from the Mayor of Farmington are accepted as evidence of cooperation with local officials and compliance with Section 109(c) Title 23, U.S.C., Code.

This is the third Secondary system action this year and results in a net increase of 3.1 miles in the FAS system in Utah since January 1, 1969.

One copy of the approved route description is returned herewith.

SR-70, SR-102, SR-69, SR-16 and SR-51 in District 1, remove rectangular route signs from sign posts.

US-89 signs thru Sevier Valley will be replaced with "Temporary I-70" signs with rectangular signs under the Temporary I-70 sign indicating the State Route designation until completion of I-70 thru this area. Upon completion of I-70 between Sevier Junction and Salina all State Routes will be resigned by their designated State Route, District 3.

Present State Routes 15 and 80 will be dual route signed for a period of approximately two years as a guide to Tourists, Districts 5, 3 and 6.

All directional signing (junction signs, etc.) affected by these revisions will also require changing.

Gentlemen:

The Route Numbering Committee reviewed the application coming from the Idaho Department of Transportation, and concurred in by the Utah Department of Transportation, for the redesignation of I-80N.

After reviewing the application, together with objections raised by States of Washington and Oregon, the Committee voted to redesignate I-80N as I-84, subject to concurrence by the Federal Highway Administrator, and with the State of Oregon in consultation with the States of Utah and Idaho to make the determination when the sign change would take place; but no later then July 1st, 1980.

This action was reviewed by the Executive Committee at its meeting on July 7th, 1977, and concurred therein.

Sincerely,

H. J. Rhodes
Deputy Director

RESOLUTION

Transfer of Jurisdiction on the
Nine-Block Portion of U-106 (200 West Street)
in Bountiful City, between 400 North & 500 South

WHEREAS, Section 72-4-102 and 74-4-103 of the Utah Code 1999, authorizes the Transportation Commission to approve additions to or deletions from the state highway system, and the return of a portion of the state highway to the county or municipality in which it is situated between general sessions of the state legislature, and

WHEREAS, the duly appointed officials of the City of Bountiful have made a formal request to the Utah Department of Transportation for the transfer of jurisdiction on the nine-block portion of U-106 between 500 South Street and 400 North Street, and

WHEREAS, the Region Two Director having reviewed the request of the City of Bountiful, concurs that this transfer would be beneficial to all parties concerned, and

WHEREAS, the appropriate staff of the Program Development Division, concurring with the recommendation of the Region Two Director, advocates the transfer of ownership and maintenance operation of a nine-block portion of U-106.

NOW THEREFORE, be it resolved as follows:

1. This request includes only the portion of the current SR-106 alignment from 500 South northerly to 400 North Street, a distance of 0.66+ miles and does not obligate the City of Bountiful to accept jurisdiction of any other portions of this road, or any other UDOT-controlled road without separate agreement between UDOT and the City of Bountiful.

2. The City of Bountiful shall accept responsibility for this section of road with the understanding that the currently programmed ‘Local Government’ reconstruction project on this section of road will be constructed as scheduled during the summer 2001 construction season. The purpose of this project is to bring the road up to an acceptable standard for pavement, drainage, and surface improvements.

3. The City of Bountiful shall have full construction management and oversight authority of the above-mentioned reconstruction project.

4. The City of Bountiful shall accept full responsibility for the perpetual maintenance and upkeep of the road after the transfer, and shall add the length of the road to Bountiful City’s total road mileage for the purpose of calculations for the distribution of Class C Road monies.
5. This portion of the roadway shall remain functionally classified as a minor arterial.

6. The designation of SR-106 shall now begin at the same origin as existing SR-131 on I-15 following that alignment easterly to 200 West Street where it joins the original SR-106. It follows this existing alignment until it ends at the junction with SR-89. The designation of SR-131 will be eliminated.

7. The designation of SR-68 shall now continue from its current ending point at 200 West to continue southerly along the existing SR-106 alignment to its end at the junction with SR-89.

8. These actions shall become effective upon passage of this resolution by the Utah Transportation Commission.

9. The accompanying letter and map (Exhibit 'A') shall be included and become part of this resolution.

Mr. Jim McMinimee
Director, UDOT Region 2
2010 So. 2760 West
Salt Lake City, Utah 84104-4592

Dear Jim,

The City of Bountiful hereby makes formal request to the Utah Department of Transportation for the transfer of jurisdiction on the nine-block portion of U-106 (200 West Street) in Bountiful City, between 400 North Street and 500 South Street, excluding the terminus intersections, under the following conditions.

1. This request for transfer includes only the portion of U-106 described above and does not obligate the City of Bountiful to accept jurisdiction of any other portions of this road, or any other UDOT-controlled road without separate agreement between the UDOT and the City of Bountiful.

2. Bountiful City shall accept responsibility for this section of road with the understanding that the currently programmed ‘Local Government’ reconstruction project on this section of road will be constructed as scheduled during the summer 2001 construction season. The purpose of this project is to bring the road up to an acceptable standard for pavement, drainage, and surface improvements.

3. Bountiful City shall have full construction management and oversight authority of the above-mentioned reconstruction project.

4. Bountiful City shall accept full responsibility for the perpetual maintenance and upkeep of the road after the transfer, and shall add the length of the road to Bountiful City’s total road mileage for the purpose of calculations for the distribution of Class C road monies.

We are anxious to have this agreement in place as soon as possible so that the oversight agreements of the programmed reconstruction project, and the use of local standard construction parts and practices can be resolved prior to bidding of the project.

We look forward to working with you and your staff to make this transfer and the associated reconstruction project as smooth as possible. If you have any questions about the transfer or the project, please feel free to contact either Tom Hardy, the Bountiful City Manager, or Paul Rowland, the city engineer.

Sincerely,

CITY OF BOUNTIFUL
