FROM: Dyke LeFevre, P.E. *DML*
 District Four Director

SUBJECT: Relinquishment Of Original Dewey Bridge
 =====

With the completion of the construction of a new bridge across the Colorado River near Dewey, the old Dewey Bridge is no longer being used.

The environmental document for this project stated that "Although the Dewey Bridge no longer has the structural strength to safely facilitate vehicular traffic, it is to be preserved as a historically significant edifice." The document further indicated that "Title to the existing Dewey Bridge is to be transferred from U.D.O.T. to Grand County." A copy of a resolution by the Grand County Commission requesting that U.D.O.T. transfer the existing bridge to them is attached.

Would you please prepare a resolution for the U.D.O.T. Commission to relinquish the section of old SR-128 which the Dewey Bridge occupies to Grand County.

An exhibit map and copy of the Grand County Commission action are attached.

Should you need more information, please call.
