**DESCRIPTION OF RESOLUTION CHANGE**

(A). Extension - From its present termini in Parowan north via Main Street to the Parowan Interchange.

(B). Re-designation - From Center Street Parowan, southerly via Main Street to 200 South Street, thence west via 200 South Street to I-15, southwest of Parowan.

(C). Addition - From east boundary Cedar Breaks National Monument, easterly and northerly to SR-89 in Panguitch designated as SR-143, also portion of subject road within boundaries of Monument included as SR-143.
Interim Designation of Federal-aid Highways
Authority: Sec. 27-12-27, UCA, 1953, As Amended

RESOLUTION

State Routes 1, 38, 76 and 143

WHEREAS, to enable the programming of Interstate Construction Projects between Summit and north of Paragonah, with the proper State Route and Federal-aid Route designation and,

WHEREAS, to maintain continuity in the State System of Highways, it is necessary to redesignate a portion of State Route 1, from a point near Summit to a point north of Paragonah and,

WHEREAS, it has been recommended by Mr. C. V. Anderson, District Engineer, that the old alignment of State Route 1 be retained as part of the State System of Highways, and that State Route 143 be extended from its present termini in Parowan north to the Parowan Interchange and,

WHEREAS, the extension of State Route 143 is concurred in by the Parowan City Council and,

WHEREAS, in compliance with the resolution adopted by the Utah State Road Commission on August 20, 1962, designating Interstate Route 15 as State Route 1, as maintenance responsibility is assumed.

NOW THEREFORE, pursuant to the Authority of Section 27-12-27, UCA, 1953, As Amended, it is hereby resolved as follows:

1. That the new alignment to be created by the construction of Interstate Route 15, from a point west of Summit northeasterly to a point north of Paragonah, a distance of 12.5 + - miles, will be designated as a part of State Route 1.

2. That State Route 143 be extended from its present termini in Parowan north via Main Street in Parowan to the Parowan Interchange, a distance of 1.1 + - miles.
RESOLUTION  
State Routes 1, 38, 76 and 143  
Page 2

3. That the old alignment of State Route 1 from the Summit Interchange to a junction with State Route 143 in Parowan, a distance of 7.6 + - miles, be designated as interim State Route 38, subject to the approval of the Legislature and the U.T.S. Action Committee.

4. That the old alignment of State Route 1 from a junction with State Route 143 in Parowan to the Paragonah Interchange, a distance of 5.2 + - miles, be designated as interim State Route 76, subject to the approval of the Legislature and the U.T.S. Action Committee.

5. That application be made to the U.S. Department of Transportation, Federal Highway Administration, Bureau of Public Roads, to extend Federal-aid Secondary Route 387 from its present termini in Parowan, north via State Route 143 to the Parowan Interchange, and that Federal-aid Primary Route 1 be relocated to traverse Interstate Route 15, from a point near Summit north-easterly to the Paragonah Interchange.

6. That by this action State Highway System mileage will increase 13.3 + - miles, Federal-aid Primary System mileage will decrease 0.8 + - mile, and Federal-aid Secondary mileage will increase 1.1 + - miles.

7. That the letter from Parowan City Council relating their concurrence in the extension of State Route 143 is hereby incorporated as a part of this submission.

8. That the communique from Mr. C. V. Anderson, District Engineer, relating his recommendations concerning the retention of the old alignment of State Route 1 on the State System of Highways is hereby incorporated as part of this submission.

9. That the map illustrating the action taken herewith is hereby incorporated as a part of this submission.
RESOLUTION
State Routes 1, 38, 76 and 143

Mr. Ivan M. Matheson, Chairman
Iron County Commission
R.F.D. #1
Cedar City, Utah 84720

Dear Mr. Matheson:

Subject: Transfer to a new alignment portions of SR-1 to the new alignment of I-15 from Summit to Paragonah, Iron County

Effective May 10, 1968, the State Road Commission adopted a resolution transferring that portion of SR-1 from Summit via Parowan to the I-15 Interchange north of Paragonah to the new alignment of Interstate 15.

That the old alignment of SR-1 from Summit to SR-143 in Parowan be redesignated SR-38 and SR-143 be extended northerly 1.1 ± - miles to the Parowan Interchange. That the old alignment of SR-1 from SR-143 in Parowan via Paragonah Interchange be redesignated SR-76.

By this action State Highway mileage will be increased 13.3 ± - miles, Federal-aid Primary System mileage will decrease 0.8 ± - mile, and Federal-aid Secondary mileage will increase 1.1 ± - miles.

Attached is a copy of the resolution and a location map.

Very truly yours,

B. Dale Burningham
Planning Statistics Supervisor

BDent:bt
Memorandum

TO: B. Dale Burningham
Planning Statistics Supervisor

FROM: C. V. Anderson
District Five Engineer

SUBJECT: State Route 1 Redesignation

It is my recommendation that the following sections of State Route 1 be given an interim state route redesignation subject to the recommendations of the Utes Action Committee and pending action of the Utah Legislature:

1. Summit Interchange on Interstate 15 to the junction of U-143 in Parowan. (Center Street)

2. From the junction with U-143 in Parowan (approximately 5th North) via Paragonah to the North Paragonah Interchange on Interstate 15.

It is understood that the section north of Cedar City from the junction of U-130 to Summit, will be transferred to local jurisdiction upon completion of Interstate 15 to Summit.

CVA: vg
Parowan City Corporation

Re: Extension of Highway  
U-143

Dear Mr. Anderson:

Parowan City Council concurs with the recommendations made by  
the State Highway Department in regards to extending Highway U-143 from  
its present termini in Parowan, to a point of intersection with Interstate  
Highway 15 when it is completed through Parowan Valley.  

The City Council discussed this extension in our meeting of  
November 13, 1967, and are in agreement that we should give your office  
our full cooperation in this matter.

Sincerely yours,

[Signature]

Parowan City Mayor
Memorandum

TO: Charles V. Anderson
    District #5 Engineer
FROM: B. Dale Burningham
    Planning Statistics Supervisor
SUBJECT: State Route and Federal-aid Designations in vicinity of Parowan

DATE: September 21, 1967

To enable the programming of a connection with I-15, north of Parowan, it is necessary to receive from you, your recommendations documented by letters of concurrence from the local governing agencies.

It has been recommended that State Route 143 be extended from its present termini in Parowan, north traversing a portion of State Route 1 to the Parowan Interchange, with the Federal-aid Secondary Route 387 being extended to traverse this same routing.

By legislative action during the 1967 Legislature, the State Route Statutory designation of 1 is transferred to the alignment of I-15 upon completion of any segment of this route when it is opened for public use, therefore the disposition of that portion of the old alignment from the Summit Interchange to the Paragonah Interchange should be determined prior to the opening of the Interstate Route between these two points.

We would like to receive your recommendations for presentation to staff at your earliest convenience.

Memorandum

TO: Howard Leatham, Engineer for Planning and Programming
ATTN: Dale Burningham, Planning Statistics Supervisor
FROM: C. V. Anderson, District Five Engineer

SUBJECT: State Route and Federal-Aid Designations in the Vicinity of Parowan

DATE: January 2, 1968

Enclosed is a letter from the Parowan City Corporation concurring in the recommendation that SR-143 be extended to the north Parowan interchange, with F.A.S. route 387 being extended to traverse this same route.

It is my recommendation that all of old SR-1 from the north Cedar City interchange to the north Paragonah interchange revert to local jurisdiction upon completion of I-15. The Iron County Commission will probably not agree with this recommendation, since they feel that Parowan should have an additional interchange on the south side of the city.

Transfer of these sections is not critical at the present time, so it is probably better to request concurrence from the Iron County Commission when needed.

CVA: vg
Enclosure
TO: Dale Burningham, Chief Research Engineer
FROM: J. Edward Johnston, Deputy Director of Highways - Planning & Traffic

DATE: March 17, 1965

SUBJECT: S-0387(4) Parowan Connection

Please note Mr. Anderson's memorandum of March 16 in regard to the Parowan Connection. Prepare the necessary resolution for placing this connection on the State system.

Also, see me about placing on the State system, a connector road on 5300 South; 7200 South; and 90th South in Salt Lake County.

JEJ/em
Attachment
Office Memorandum

TO: J. Edward Johnston, Deputy Director, Planning & Traffic Division

FROM: W. L. Anderson, Chief Planning and Programming Engineer

DATE: March 16, 1965

SUBJECT: S-0387(4) Parowan Connection

Approximately .4 mile of approach road will be required to connect present road to interchange with I-15 at Parowan.

This will require the addition of this section to the State Road System and Federal Secondary System.

It is suggested the FAS 387 from Parowan Canyon be extended to the interchange and also follow the present US 91 from Parowan through Paragonah to interchange at North Paragonah.

The present US 91 from Parowan to Summit should be abandoned as State road and revert to County.

Dear Mayor Orton:

Subject: Transfer to a new alignment portions of SR-1 to the new alignment of I-15 from Summit to Paragonah, Iron County

Effective May 10, 1968, the State Road Commission adopted a resolution transferring that portion of SR-1 from Summit via Parowan to the I-15 Interchange north of Paragonah to the new alignment of Interstate 15.

That the old alignment of SR-1 from Summit to SR-143 in Parowan be redesignated SR-38 and SR-143 be extended northerly 1.1 ± miles to the Parowan Interchange. That the old alignment of SR-1 from SR-143 in Parowan via Paragonah Interchange be redesignated SR-76.

By this action State Highway mileage will be increased 13.3 ± miles, Federal-aid Primary System mileage will decrease 0.8 ± mile, and Federal-aid Secondary mileage will increase 1.1 ± miles.

Resolution

State Routes 38, 143 and 274

Collector Road 26

WHEREAS, the completion of Projects I-15-2(6)71 and S-0387(4) has resulted in the construction on new alignment, a section of new roadway, and

WHEREAS, portions of the old alignment will serve as public roads though not justified as part of the State System of Highways, and

WHEREAS, it has been recommended by Mr. Alex E. Mansour, District #5 Engineer, and concurred in by the Iron County Commission and the Parowan City Commission, that State Route 38 from Summit northeasterly to 200 South Street in Parowan be transferred to their respective jurisdiction. This action pending Legislative approval, and

WHEREAS, the portion of State Route 143 from Center Street in Parowan north to I-15 be redesignated as State Route 274, and

WHEREAS, State Route 143 be rerouted from Center Street in Parowan south via Main Street to 200 South Street, thence west via 200 South Street to I-15 southwest of Parowan, and

WHEREAS, this will delete that portion of Collector Road 26 from I-15 via 200 South Street to Main Street in Parowan, a distance of 2.5 + - miles.

NOW THEREFORE, pursuant to the Authority of Sections 27-12-29 and 27-12-30, UCA, 1953, as amended, it is hereby resolved as follows:

Pending Legislative approval that State Route 38 from Summit northeasterly to 200 South Street in Parowan be transferred to the jurisdiction of Iron County and Parowan City respectively, then that portion of State Route 143 from Center Street in Parowan north to I-15 be redesignated as State

Received
Dec 3 1974
Department 7
The Honorable Kendall G. Gurr
Mayor of Parowan
Parowan City Offices
Parowan, Utah 84761

Dear Mayor Gurr:

Subject: Additions and Deletions to State Road System in Iron County

On January 10, 1975, the State Road Commission of Utah adopted a resolution to extend State Route 143, redesignate a portion of State Route 143 as State Route 274, revise Collector Road 26 and the deletion of State Route 38. The alignment of State Route 38 will be transferred to the jurisdiction of Parowan City and Iron County as described in the enclosed resolution.

This action will be effective upon Legislative approval deleting State Route 38 from the State System of Highways.

Enclosed is a copy of the resolution and a location map.

Very truly yours,

L. R. Jester, P.E.
Chief, Systems Planning Div.

Enclosure
RESOLUTION
Addition to and relocation of State Route 143
Redesignation of portion of State Route 143 to State Route 148

WHEREAS, it has been recommended by the officials of Garfield and Iron Counties that State Route 143 be extended from Cedar Breaks National Monument north boundary easterly traversing the roadway within Cedar Breaks to the east boundary, a distance of 1.21 ± miles, then easterly and northerly coincident with the Panguitch Lake Road to State Route 89 in Panguitch a distance of 31.22 ± miles, and

WHEREAS, the Utah Transportation Commission and local officials concur in this action,

NOW, THEREFORE, contingent upon agreement by Iron and Garfield Counties to provide funding for snow removal during the winter of 1984-85 be it resolved as follows:

1. That in accordance with Section 27-12-27 of the Utah Code, Annotated, 1953, the roadway from the east boundary of Cedar Breaks National Monument, easterly and northerly coincident with the Panguitch Lake Road to State Route 89 in Panguitch be added to the State System with an interim designation of State Route 143.

2. That the portion of the subject road within the boundaries of Cedar Breaks National Monument be included as a part of State Route 143 at such time as the Utah Department of Transportation has been granted a right-of-easement across the federal lands by the proper authorities.

3. That by this action the present portion of State Route 143 from State Route 14 north to the south boundary of Cedar Breaks National Monument be redesignated as State Route 148.

4. That these revisions be included in the Master Highway Bill to be submitted to the next Legislature.

5. That application be made to the Federal Highway Administration to extend Federal-aid Secondary Route 393 from its present termini at Cedar Breaks east boundary west to a junction with Federal-aid Primary Route 32.

6. That by this action State Highway System mileage will increase 32.43± miles.

7. That the accompanying map and documents be hereby incorporated as a part of this submission.

October 19, 1984

Mr. Clem Church
Utah State Road Commission
Salt Lake City, UT

Dear Clem:

I am writing this letter to request the State Highway Department take the responsibility and ownership of Highway from Panguitch to Brianhead via Panguitch Lake. Over the past few years, we have had some controversy and some problems because of all of the entities involved in the snow removal and the upgrading of that road. When you have Brianhead Town, Iron County, Garfield County and the National Parks Service all involved in a short section of road, it becomes almost impossible to maintain and clear that road properly. It is very, very important to Southern Utah that this road be opened and properly maintained, not only for service to our local people and employment opportunities, but also for tourism from the Phoenix area. In the winter, many people come to ski from the Phoenix area. If they travel I-15 up through Las Vegas, Utah will lose one or two days of their travel. Brianhead has doubled in the last year and will double again in the next two years, and travel from Phoenix is increasing at at least the same rate.

In summary let me say again for the travel of the local people or employees from Garfield and Kane Counties, for winter fishing for the residents of Iron and Garfield Counties, for increased tourism from the Phoenix area, I highly recommend that this road be put in the State system. It is my understanding that Brianhead, Iron County and Garfield County will reimburse the State for the mile and one half section that goes through the Park until final negotiations can be made with the National Parks Service.

Thank you.

Sincerely,

[Signature]

Ivan A. Matheson
Utah State Senator
October 19, 1984

Mr. Clem Church
Utah State Road Commission
Salt Lake City, UT

Dear Clem:

This letter is being written as a formal request that the Utah State Highway Department assume the responsibility and ownership of Highway from Panguitch to Brianhead via Panguitch Lake. This particular road has been a source of controversy for a number of years because of all of the entities involved in the maintenance and snow removal on this road. You realize that Iron County, Brianhead Town, Garfield County and the National Parks system are all involved in this short section of road, and it has become almost impossible to take care of this road properly. Let me emphasize how important the proper maintenance of this road is to the entire Southern Utah area, not only to serve the needs of our local people, but also so far as tourism is concerned, particularly from the Phoenix area. We have many, many people from Phoenix who come to Brianhead to ski in the winter, and if they come up I-15 through Las Vegas, we stand to lose a day or possibly two days of their travel. With the development which is taking place at Brianhead at the present time, it is probable that travel from the Phoenix area will double in the next two years, and this makes that road even more important to this end of the State.

For the above stated reasons, it would be my recommendation that this road be included in the State system. I have understood that Brianhead, Iron County and Garfield County will agree to reimburse the State for the one and one-half mile section which goes through the Park until a final agreement can be reached with the National Parks Service.

Thank you for your consideration.

Sincerely,

[Signature]

Representative Maze Hunter
District 72
Mr. Clem Church  
Utah State Road Commission  
Salt Lake City, Utah  

Dear Clem:  

On behalf of the Iron County Commission, I would like to request that the State Highway Department assume the responsibility and ownership of the Highway from Panguitch to Brianhead via Panguitch Lake. During the past few years, as you are probably aware, we have had a great deal of controversy and some problems over the snow removal and upgrading of that road. You are probably aware, also, that four entities are involved in this relatively short section of highway, Iron County, Garfield County, Brianhead Town, and the National Parks system, and it has become almost impossible to properly maintain and clear that road. This road is an integral part of Southern Utah and very important to tourism in this end of the state as well as to local travel for the people who are employed at Brianhead, particularly from Garfield County. We have a very large number of people who come to Brianhead to ski from the Phoenix area, and when you consider that the only other alternative route for them to take from Phoenix to this area is through Las Vegas, because of the extra travel time involved, Utah is losing some valuable dollars. Brianhead has doubled in the last year, and we anticipate that it will continue to grow, as will the traffic from Phoenix.  

It would be my strong recommendation that the State incorporate this highway into their present system, and we would appreciate your consideration of this matter at this time.  

Sincerely,  

[Signature]

SEAL
Mr. Clem Church  
Utah State Road Commission  
Salt Lake City, Utah

Dear Clem:

Please consider this letter a formal request that the State Highway Department take over the responsibility and ownership of Highway 70 from Panguitch to Brianhead via Panguitch Lake. We have a number of people from our County employed at Brianhead, and it would certainly be a great service to them to have this road maintained and properly cleared. This road is also a natural winter tourist route, particularly for people coming to the area from Phoenix, and it is my feeling that Utah is losing many valuable tourist dollars by not providing this direct route from the Phoenix area and in fact causing these people to leave these dollars elsewhere and they travel an extra day or two coming through Las Vegas along I-15.

Negotiations are scheduled with the National Parks Service, Iron County and Garfield County with the meeting to take place at the Iron County Commission Chambers on October 25, 1984 at 1:30 p.m. We hope that you will consider this very important matter and that the State will assume the ownership and responsibility of this highway.

Thank you for your help.

Sincerely,

George Middleton  
Garfield County Commission
October 19, 1984

Mr. Clem Church  
Utah State Road Commission  
Salt Lake City, UT

Dear Clem:

As a member of the Kane County Commission, I am writing to request that the State Highway Department take over the responsibility and ownership of Highway which runs from Panguitch to Brianhead via Panguitch Lake. This has been a controversial section of highway in the past and there have been a lot of problems involved in the snow removal and upgrading of the road. It is extremely important that this road remain open and properly maintained, not only for the local people who are employed in the area, but also for the tourists who may come to the area to ski. A number of people from the Phoenix area, particularly, come to Brianhead to ski, and this appears to be a more direct route for them to take rather than coming via I-15 through Las Vegas, with a day or two extra travel time involved.

We would appreciate your consideration of this matter, and thank you in advance for any help you might be able to give.

Sincerely,

Calvin Johnson  
Kane County Commission
RESOLUTION

Moratorium on State Highway System Revisions

WHEREAS, the Utah League of Cities and Towns and the Utah Association of Counties are proposing a comprehensive study analyzing highway responsibility, functional classification, funding sources and money distribution formulas, and

WHEREAS, the Utah Transportation Commission recommends support of the study to begin in 1986, and

WHEREAS, there is a definite need to establish criteria for the addition and deletion of roadways or proposed roadways to the State System of Highways;

NOW, THEREFORE, be it resolved as follows:

That a moratorium on State Highway System additions be in effect until the completion of the proposed study.

That the only exceptions to this moratorium will be those roadway connections built to assure proper function of the Interstate System and existing routes built on new alignment.

Dated this ___________ day of ___________________, 1985.
