Proposed State Road Changes

LEGEND

- - - Addition to State Road System
- - - - Deletion from State Road System

Date: ____________________
RESOLUTION

State Route 174

WHEREAS, with the transfer of roads, to provide access to Interstate Route 15 in the vicinity of Midvale, 5300 South Street in Murray and 9000 South Street west of Sandy, to the State System of Highways and

WHEREAS, per reciprocal agreement between the Utah State Department of Highways and the Salt Lake County Commission transferring State Route 174 to the jurisdiction of Salt Lake County and

WHEREAS, State Route 174 is no longer justified as a part of the State System of Highways, but nevertheless will still serve as a public road and

WHEREAS, to maintain continuity in the State System of Highways,

NOW THEREFORE, pursuant to the authority of Section 27-12-27, UCA, 1953, AS AMENDED it is hereby resolved as follows:

1. That State Route 174 from the Cottonwood Diagonal near 9th East and 48th South easterly to Holladay, thence southerly to Knudsen Corner, a distance of 5.5 + - miles be deleted from the State System of Highways and transferred to the jurisdiction of Salt Lake County.

2. That by this action State Route mileage will decrease 5.5 + - miles, and Salt Lake County "B" mileage will increase 5.5 + - miles.

3. That Exhibit "A" attached herewith illustrating the action taken herewith is hereby incorporated as part of this submission.

Dated this _______ 19th _______ day of _______ April _______, 1965.

Utah State Road Commission
State Capitol
Salt Lake City, Utah 84114

Gentlemen:

The future development of certain highways in Salt Lake County as they relate to the State and Interstate Highway System has been discussed by various agencies of the County in recent weeks. We respectfully petition Your Honorable Commission by this letter to consider the following propositions:

1) That 4800 South Street (also called the Murray-Holladay Road) east from 900 East Street in Salt Lake County to 2300 East Street be removed from the State Secondary Road System and reclassified as a County secondary highway inasmuch as this road does now largely serve local needs. With the completion of the Interstate Freeway System and the improvement of 4500 South Street, 4800 South will continue to serve local needs. (See #1 on attached map)

2) That 5300 South west from State Street to Redwood Road at 5400 South be classified onto the State Secondary Road System and removed from the County Secondary System. Because this street interchanges with I-15 and connects between two State highways (US-91 and U-68), it is believed that this street will fill more than local usage, becoming an important collector-feeder road interconnecting the Interstate Freeway System with the State Highway System and should, therefore, be classified to meet the anticipated statewide usage. (See #2 on attached map)

3) That in the construction of a "Shoofly" rail by-pass to be built in connection with the construction of the interchange of I-15 and US-201 that this
by-pass be so located and constructed that Salt Lake County and Murray City will be able to rebuild the railroad separation over 6400 South Street which is now very narrow and dangerously aligned in relation to that street. We would appreciate an indication of costs that will need to be borne by Salt Lake County in this "shoo-fly" project, if any. (See #3 on attached map)

We would appreciate your favorable consideration of the above matters.

Respectfully submitted,

[Signature]

RESOLUTION

Addition State Route 174

WHEREAS, Officials of Millard County have recommended that the roadway from State Route 6 southwest of Lynndyl to the main gate of the Intermountain Power Project be added to the State System of Highways, and

WHEREAS, it has been agreed that this action be taken upon the completion of improvements on this roadway.

NOW, THEREFORE, be it resolved as follows:

That the Transportation Commission recommended to the next Legislature that in accordance with Section 27-12-27 of the Utah Code Annotated, 1953 that the roadway from State Route 6 westerly to the main gate of I. P. P. be added to the State System of Highways and be designated State Route 174.

That by this action Millard County "S" System mileage will decrease 8.0+ miles and the State Highway System will increase 8.0+ miles.

That the accompanying map be hereby incorporated as a part of this resolution.

Dated this 25th day of November, 1983.

RESOLUTION

Moratorium on State Highway System Revisions

WHEREAS, the Utah League of Cities and Towns and the Utah Association of Counties are proposing a comprehensive study analyzing highway responsibility, functional classification, funding sources and money distribution formulas, and

WHEREAS, the Utah Transportation Commission recommends support of the study to begin in 1986, and

WHEREAS, there is a definite need to establish criteria for the addition and deletion of roadways or proposed roadways to the State System of Highways

NOW, THEREFORE, be it resolved as follows:

That a moratorium on State Highway System additions be in effect until the completion of the proposed study.

That the only exceptions to this moratorium will be those roadway connections built to assure proper function of the Interstate System and existing routes built on new alignment.

Dated this 12th day of December, 1985.
