SUBJECT: Status of Old Roads  
1-80-4(8)190 Waahatch to the Wyoming State Line  
F-001-8(2) Bear River Bridge East of Corinne  

The status of the old abandoned roads on the subject projects have been reviewed and following is my recommendation:

1. F-001-8(2) The old road should remain as it is at the present time. It lies on right-of-way that we have by agreement from the railroad. In addition, the old road and bridge are intended to be used for a stock trail for crossing the Bear River.

2. 1-80-4(8)190 Three sections of the old road are no longer within the N/A lines, as itemized below, and are of no further use to us for roadway purposes. These three sections should revert to private ownership.

   820 ± - 836 ± right side  
   958 ± - 971 ± right side  
   984 ± - 991 ± left side

DATE: January 25, 1965

SUBJECT: Road Deletions

We have listed the following projects that have been constructed in the last couple of years and sections of road that should be deleted from our system:

S-0294(1) Dragerton (Culvert & Approaches)
F-028-3(6) Woodside Northerly
NR-29(1) 7 Miles W. of Orangeville (Joe's Valley)
NS-338(1) Huntington Northerly - Mohrland Connection
NR-24-2(1) Huntington North on SR-10

The NR-24-2(1) Huntington North Section has bypassed the location where the Huntington Reservoir is being constructed by the Bureau of Reclamation. A portion of this right-of-way has probably been acquired by the Bureau of Reclamation people.
