LETTER OF INSTRUCTION  NUMBER: 05-2

Reporting Road Conditions (non-winter months)

1. Letter of Instruction 04-1 sets forth procedures for reporting road conditions during winter months (November through April). During the remainder of the year (May through October) there is normally no need to report conditions due to weather. However, emergency road closures or hazards during non-winter months should still be reported to the Traffic Operations Center.

2. In the event of an emergency road closure or other hazard affecting normal operation of a state road, contact:
   TRAFFIC OPERATIONS CENTER
   Phone 801-887-3700
   a. Provide details of the hazard or closure (Route, Milepost, Expected Duration, Cause (if known)).
   b. This phone line is manned 24 hours per day, 7 days per week. Call the same number either during normal business hours or outside normal hours.

3. When road is reopened, notify the Traffic Operations Center at the same phone number.
