

Contact List

This Contact List provides information for the Standard Specifications and Standard Drawings. Contact the appropriate area or person if you have a technical question about a Specification or Drawing.

Standard Specifications

- Find the Specification number
- The contact group is listed to the left
- The contact person within that group is listed on page 7

Standard Drawings

The contact information for each Standard Drawing Series is listed on page 8 with a reference to the Standard Specifications that reference that Standard Drawing Series or where a drawing calls out a specific Standard Specification.

Please contact Brad Yeates at bbyeates@utah.gov or (801) 965-4807 if you need assistance.
