2018 CONSTRUCTION INFORMATION

1. I-15; End Of Concrete Nephi to Mona Resurfacing (MP 229.6-239.3) Crews will resurface I-15 between Nephi and Mona weekdays during daytime hours. The roadway will be reduced to one lane in each direction. **Timeline:** Summer 2018

2. S.R. 28; Juab/Sanpete County Line to Nephi Resurfacing (MP 15.9-39.1) Crews will resurface approximately 23 miles of S.R. 28 south of Nephi. The road will be reduced to one lane with a flagger to direct traffic during daytime hours. **Timeline:** Summer 2018

3. 800 North (S.R. 52); Geneva Road to 400 West (MP 0-1.5), and S.R. 241; Geneva Road to Lindon Park Drive Resurfacing (MP 0.0-0.4) This project includes resurfacing both 800 North and S.R. 241 east of Geneva Road in Orem. The roads will be reduced to one lane in each direction during nighttime hours. **Timeline:** Late Summer 2018

4. 800 North (S.R. 52); 400 West Orem to U.S. 189 Provo Resurfacing (MP 1.5-4.1) Crews will resurface 800 North between Orem and Provo. The road will be reduced to one lane in each direction during nighttime hours. **Timeline:** July-August 2018

5. Redwood Road (S.R. 68); Village Parkway to Grandview in Saratoga Springs (MP 26.9-29.3 and MP 31.5-31.9 and Pioneer Crossing, MP 0.6-1.0) UDOT is improving Redwood Road south of Pioneer Crossing by adding a lane in each direction, signals at Stillwater Parkway and Ring Road, a continuous-flow intersection at Pioneer Crossing, dual-left turn lanes at Grandview Boulevard, bike lanes, including a bike signal at Pony Express Parkway, and a new trail from Pioneer Crossing to 400 South. Visit www.udot.utah.gov/redwoodsaratoga for more information. **Timeline:** Summer 2018-Fall 2019

6. S.R. 73; Cedar Fort to Saratoga Springs Resurfacing (MP 25.0-35.1) Crews will microsurf 10 miles of S.R. 73. The road will be reduced to one lane in each direction during nighttime hours. **Timeline:** April-June 2018

7. S.R. 77 (MP 5.7-9.1) and S.R. 65 (MP 0.0-0.3); Resurfacing Two Locations This project includes resurfacing parts of S.R. 77 and S.R. 65. The roads will be reduced to one lane in each direction during nightime hours. The pedestrian ramps will be constructed during daytime hours. **Timeline:** May-July 2018

8. 400 South (S.R. 77); Spanish Fork Main to I-15 (MP 6.6-7.4) UDOT will widen and reconstruct the road to five lanes from I-15 to Spanish Fork Main Street. The project will also install sidewalk, curb, gutter, and drainage improvements, an eight-foot tall sound wall adjacent to the residences on the south side of the road, and a second eastbound to northbound turn lane at the 400 South interchange. Construction is scheduled to take place Monday through Saturday, 7 a.m. to 7 p.m. One-way flagging operations may occur outside of a.m. and p.m. commute times. **Timeline:** March-August 2018

9. S.R. 85; Mountain View Corridor, S.R. 73 to 2100 North UDOT will construct a new roadway with two lanes in each direction, signalized intersections, and biking and walking trails from 2100 North in Lehi to S.R. 73 north of the Foothill Boulevard intersection. Traffic impacts will be minimal and take place where the new roadway ties into existing roadways. For more information visit, www.udot.utah.gov/mtainview/. **Timeline:** Summer 2018-Fall 2019

10. U.S. 89; Sanpete/Utah County Line to Boys Ranch Rehabilitation (MP 297.0-301.9) This project will remove and replace two inches of asphalt on U.S. 191. The road will be reduced to one lane weekdays during daytime hours, with a flagger to direct traffic. **Timeline:** Summer 2018

11. S.R. 132; Nephi to Juab/Sanpete County Line Resurfacing (MP 34.7-41.9) Crews will resurface S.R. 132 east of Nephi. The road will be reduced to one lane with a flagger to direct traffic. This work will take place during daytime hours. **Timeline:** May-June 2018

12. U.S. 189; University Parkway to Junction S.R. 52 Rehabilitation (MP 3.5-7.5) Crews will microsurf U.S. 189 in Orem. The roadway will be reduced to one lane in each direction, Sunday through Thursday, between 9 p.m. and 6 a.m. **Timeline:** Summer 2018

13. Resurfacing in Three Locations in Southern Utah County: S.R. 198 (MP 12.3-15.7), S.R. 115 (MP 0.0-0.9) and U.S. 89 (MP 326.5-322.3) This project includes resurfacing and adding pedestrian ramps on S.R. 198, S.R. 115 and U.S. 89. The roads will be reduced to one lane in each direction during nighttime hours as the resurfacing is completed. The pedestrian ramps will be constructed during daytime hours. **Timeline:** April-June 2018

14. Provo Orem Transportation Improvement Project (TRIP) The roadway components of this project include widening University Parkway to three lanes in each direction, improving University Avenue in downtown Provo to include exclusive bus-rapid transit and bike lanes, and a new University Parkway bridge over the Provo River. For more information, visit www.ProvoOremTRIP.com. **Timeline:** 2016-Fall 2018

15. Lehi Main Street and State Street Intersection Improvements S.R. 73/U.S. 89 (MP 349.9-350.3) UDOT will improve the intersection of Main Street and State Street in Lehi. The project will include widening Main Street from the northbound I-15 ramps to State Street, a new traffic signal at Main Street and 1200 East, an upgrading of the traffic signal and railroad crossing at Main Street and State Street, and raised medians on Main Street. Daytime and nighttime work will occur seven days a week. Nighttime lane closures are expected. **Timeline:** April-July 2018

16. Pioneer Crossing/I-15 Interchange Ramp Improvements S.R. 145 (MP 0.0-0.4) This project will improve the traffic flow through the American Fork interchange by adding an additional lane on the Northbound off ramp and Southbound on ramp. **Timeline:** Summer-Fall 2018

17. I-15; Technology Corridor (MP 279.8-284.2) UDOT will reconstruct the I-15 Technology Corridor between Lehi Main Street and S.R. 92 (Timpanogos Highway). For more information, visit www.udot.utah.gov/techcorridor/. **Timeline:** Spring 2018-Late 2020
