# Bar Mark | Bar Size | No. Bars | Location | Sketch
---|---|---|---|---
P1 | 8S | 25 | Pavement to Barrier (Vertical) | ![Sketch](image_url)
V1 | 8S | 10 | Horizontal in Barrier (ed to Iude of V1 and V1 bars) | ![Sketch](image_url)
V1 | 8S | 26 | Vertical in Barrier | ![Sketch](image_url)

### Notes
1. See STD DWG BA 3N1 for reinforcing locations.
2. Drill and inject using pop in pipes. Wash position. PCCP concrete is in a workable form when using pop-in pipe pavement.
