

# Lehi Main Street

## // IMPROVED

I-15 to State Street

A UDOT PROJECT

### PLAN AHEAD DRIVEWAY CLOSURE

Main Street

The Utah Department of Transportation (UDOT) is improving Main Street and State Street in Lehi. As part of this effort, crews will reconstruct business accesses on the north side of Main Street between 1200 East and State Street beginning as early as June 4.

#### Drivers should plan ahead for the following impacts:

- The western driveway will be closed for up to seven days
- The eastern driveway will be restricted for up to 14 days, but will still be open to drivers

Drivers can avoid these areas and use the accesses on State Street and 1200 East during this time, if needed.

#### STAY INFORMED
