

ROAD CLOSURE

SR 119 MP 4.19 to MP 8.75

(Glenwood Dugway)

SR 119 will be intermittently closed during various construction activities from September 1st through November 1st. Please follow detour signs and use SR 118 and SR 24 as an alternate route. Closures will take place between the hours of 8 AM and 5 PM on days where construction activities are ongoing between Mile Post 4.19 and Mile Post 8.75. Advanced notice of closures will be given on variable message boards at the project boundaries. Our first priority is safety of our crews and the traveling public. Thank you for your help and cooperation during our project.

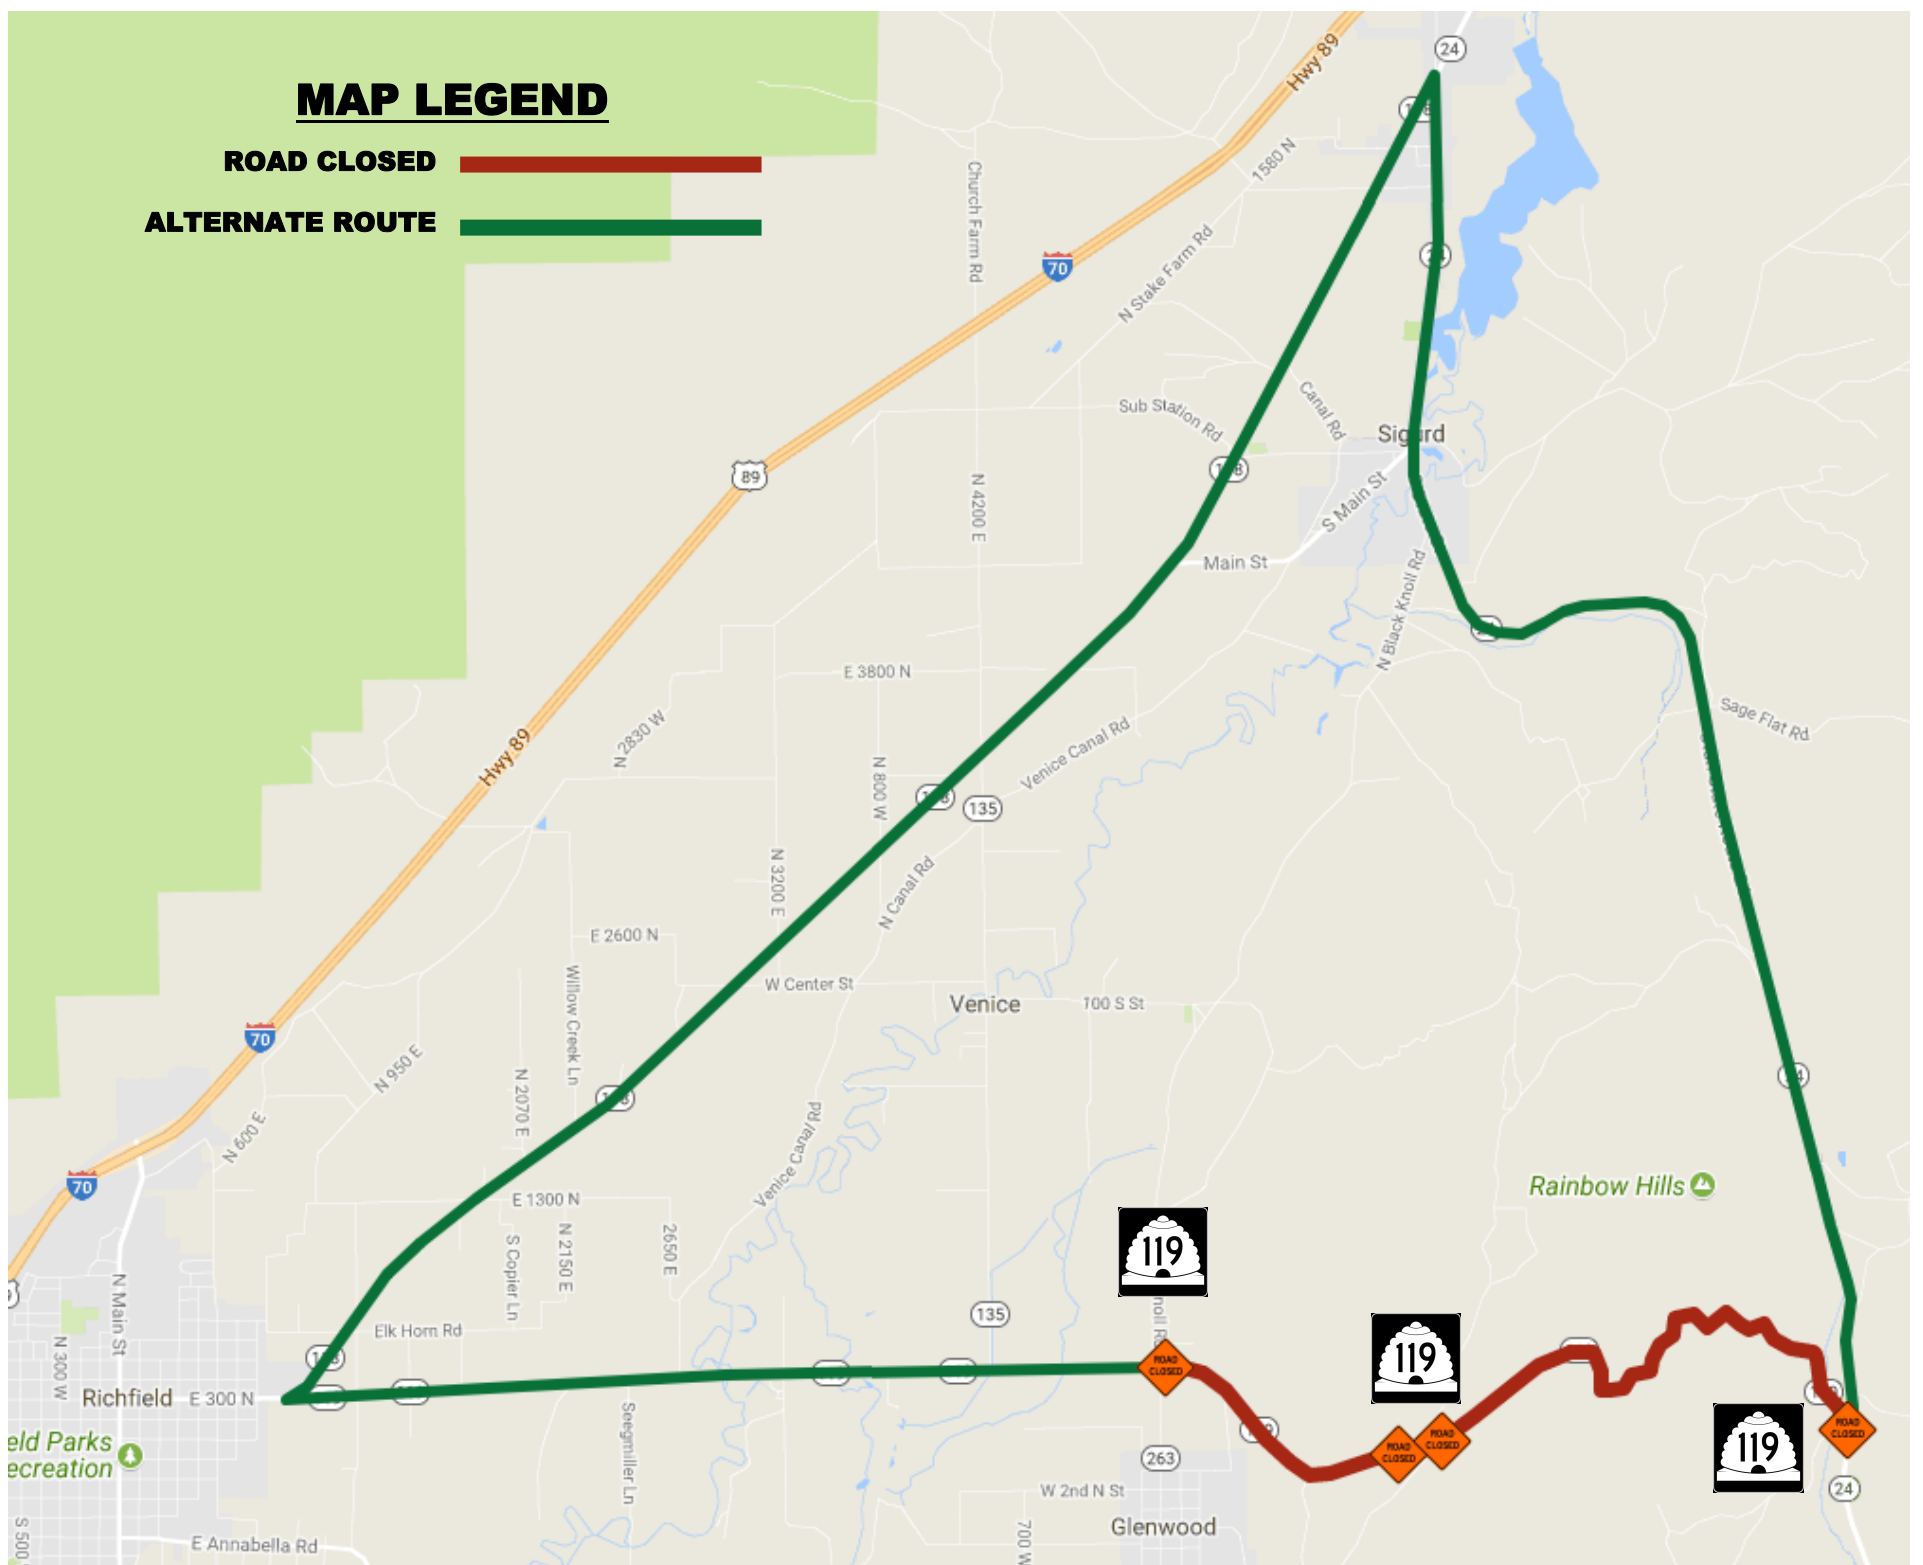

Please call 435-531-9598 during business hours for more information on the project.

Approximate Closure Lengths

Shouldering — 2-3 Days

Paving — 6-7 Days

Guardrail and Barrier Replacement — 4-5 Days
