

U.S. 40 Bridges at Mayflower Public Hearing

Tuesday, September 10, 2019

Wasatch County Senior Center
465 E 1200 S
Heber City, Utah 84032

4:30 to 7:00 p.m.

- Pursuant to Title VI of the Civil Rights Act of 1964 and related laws and regulations, UDOT will not exclude from participation in, deny the benefits of, or subject to discrimination anyone on the grounds of race, color, national origin, sex, age, disability or income status.
- Pursuant to Title VI of the Civil Rights Act of 1964 and related laws and regulations, UDOT will not exclude from participation in, deny the benefits of, or subject to discrimination anyone on the grounds of race, color and national origin.
- FHWA has established a discrimination complaint procedure and will take prompt and reasonable action to investigate and eliminate discrimination when found. Any person who believes that he or she has been aggrieved by an unlawful discriminatory practice under Title VI has a right to file a formal complaint with FHWA. Any such complaint must be in writing and filed with the FHWA within one hundred eighty (180) calendar days following the date of the alleged discriminatory occurrence. For more information, please contact the UDOT's Title VI Coordinator.
- Pursuant to Section 504 of the Rehabilitation Act of 1973 (Section 504), the Americans with Disabilities Act of 1990 (ADA) and related federal and state laws and regulations, UDOT will make every effort to ensure that its facilities, programs, services, and activities are accessible to those with disabilities. UDOT will provide reasonable accommodation to disabled individuals who wish to participate in public involvement events or who require special assistance to access UDOT facilities, programs, services or activities. Because providing reasonable accommodation may require outside assistance, organization or resources, UDOT asks that requests be made at least five (5) calendar days prior to the need for accommodation. Questions, concerns, comments or requests for accommodation should be made to UDOT's ADA Coordinator.
- Services are provided free without charge for individuals with special needs with disabilities. Any fees will be paid by the recipient or sub-recipient. The public will have access to translators, "I Speak Cards", TTY/TDD services and vital documents translated when requested.

Purpose of Meeting

- Discuss purpose and need of the project
- Present proposed action
- Disclose environmental impacts
- Review project timeline
- Provide opportunity to review Draft State Environmental Study
- Obtain public comment

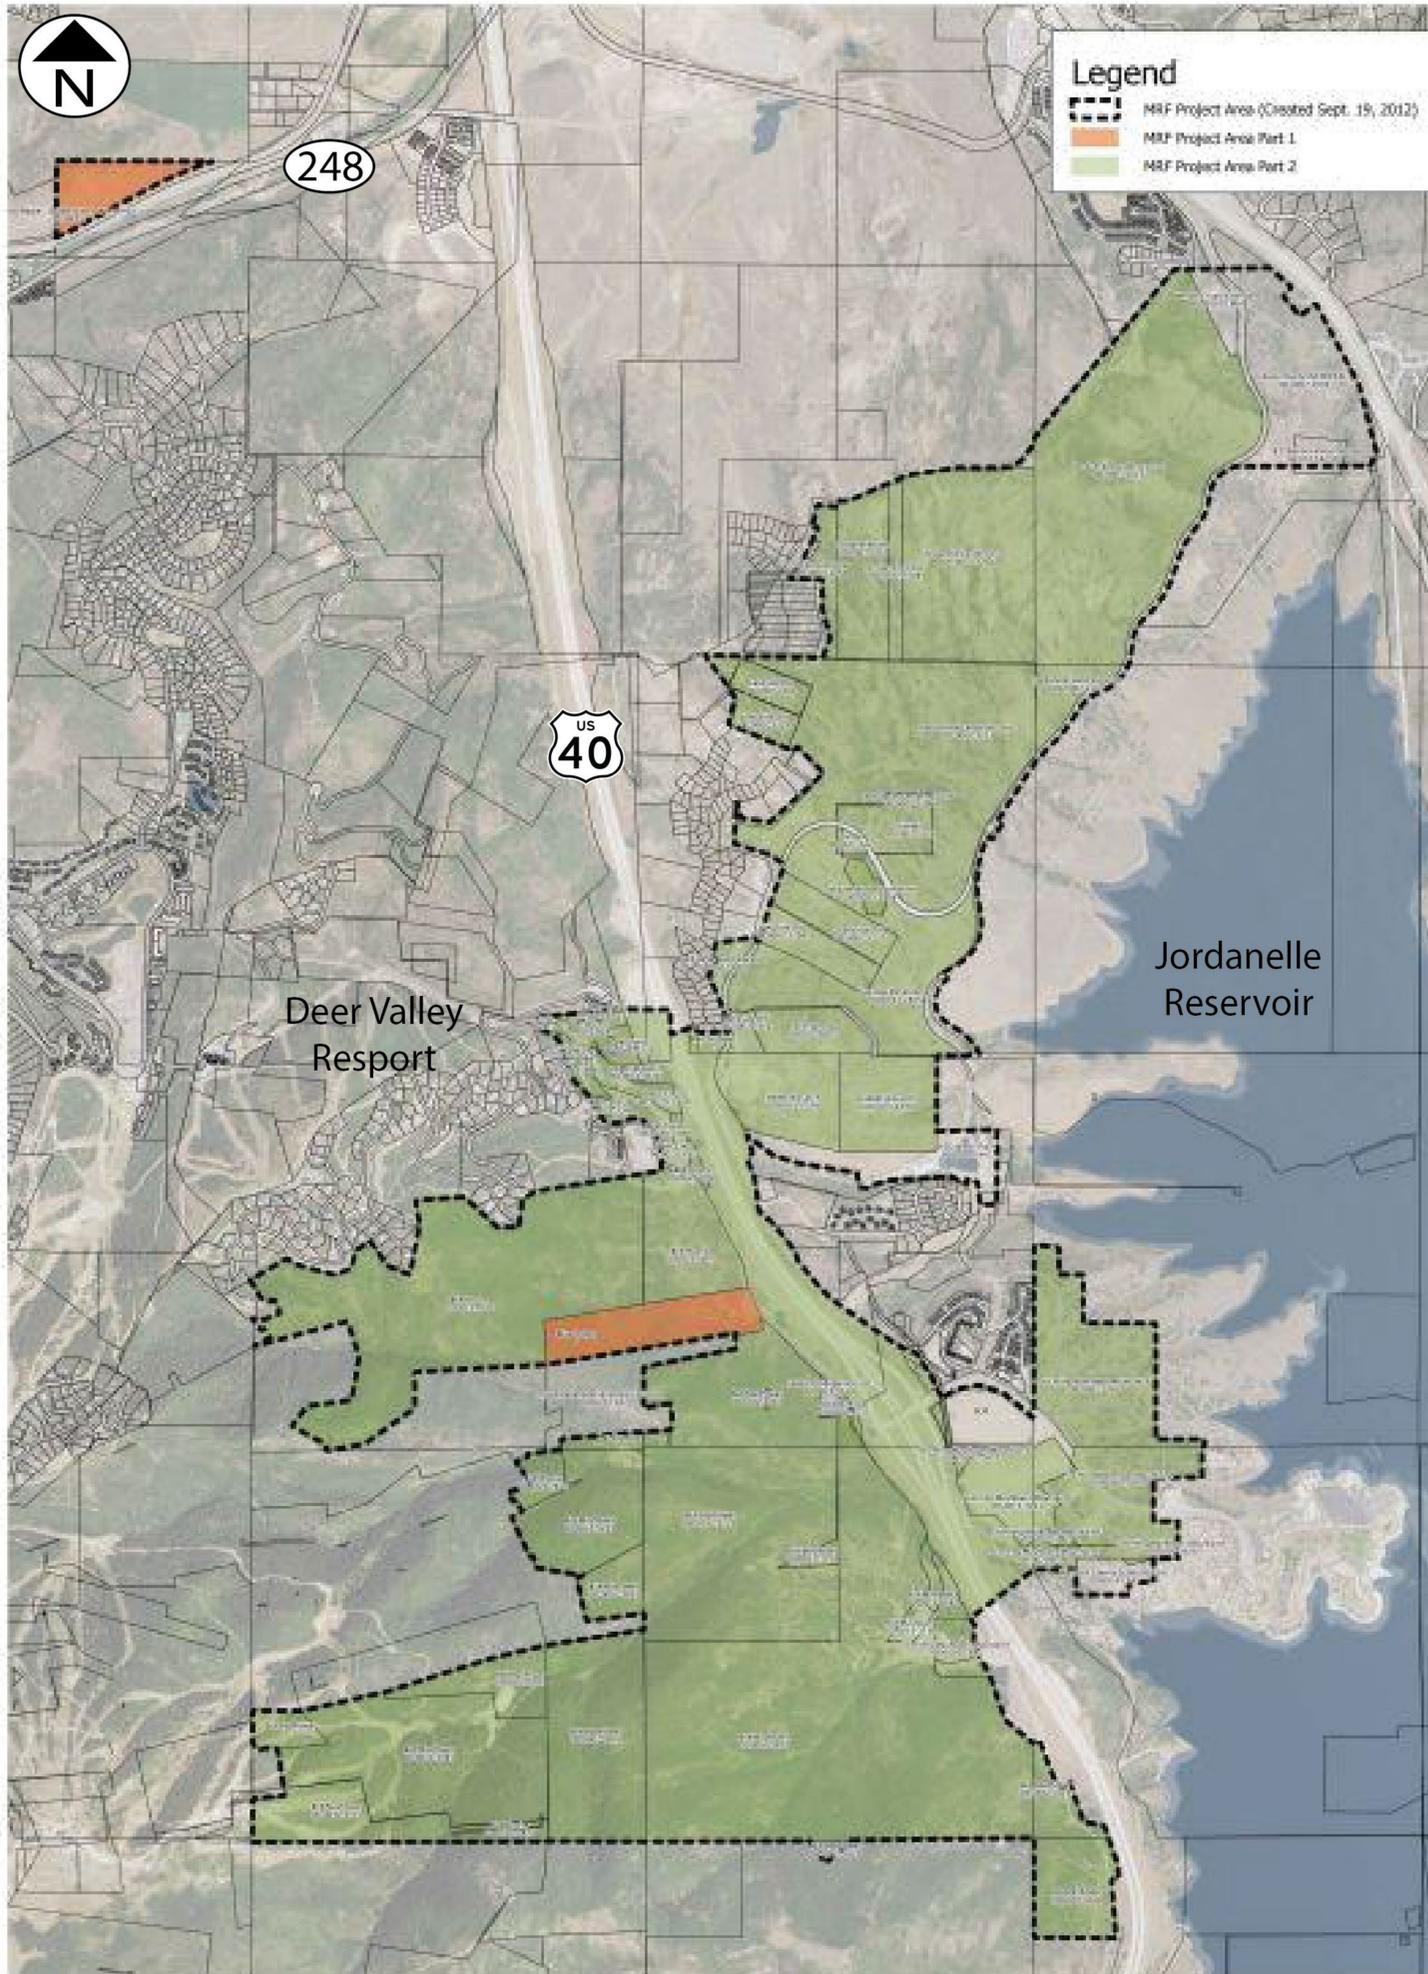

Purpose and Need of the Project

- Purpose

- To provide east-west mobility across U.S. 40 in the area of the Mayflower exit between MP 6.85 to MP 8.8

- Need

- Provide additional ingress/egress points to enhance life safety
- Reduce congestion at the Mayflower Interchange
- Provide opportunities for active transportation and recreational access across U.S. 40

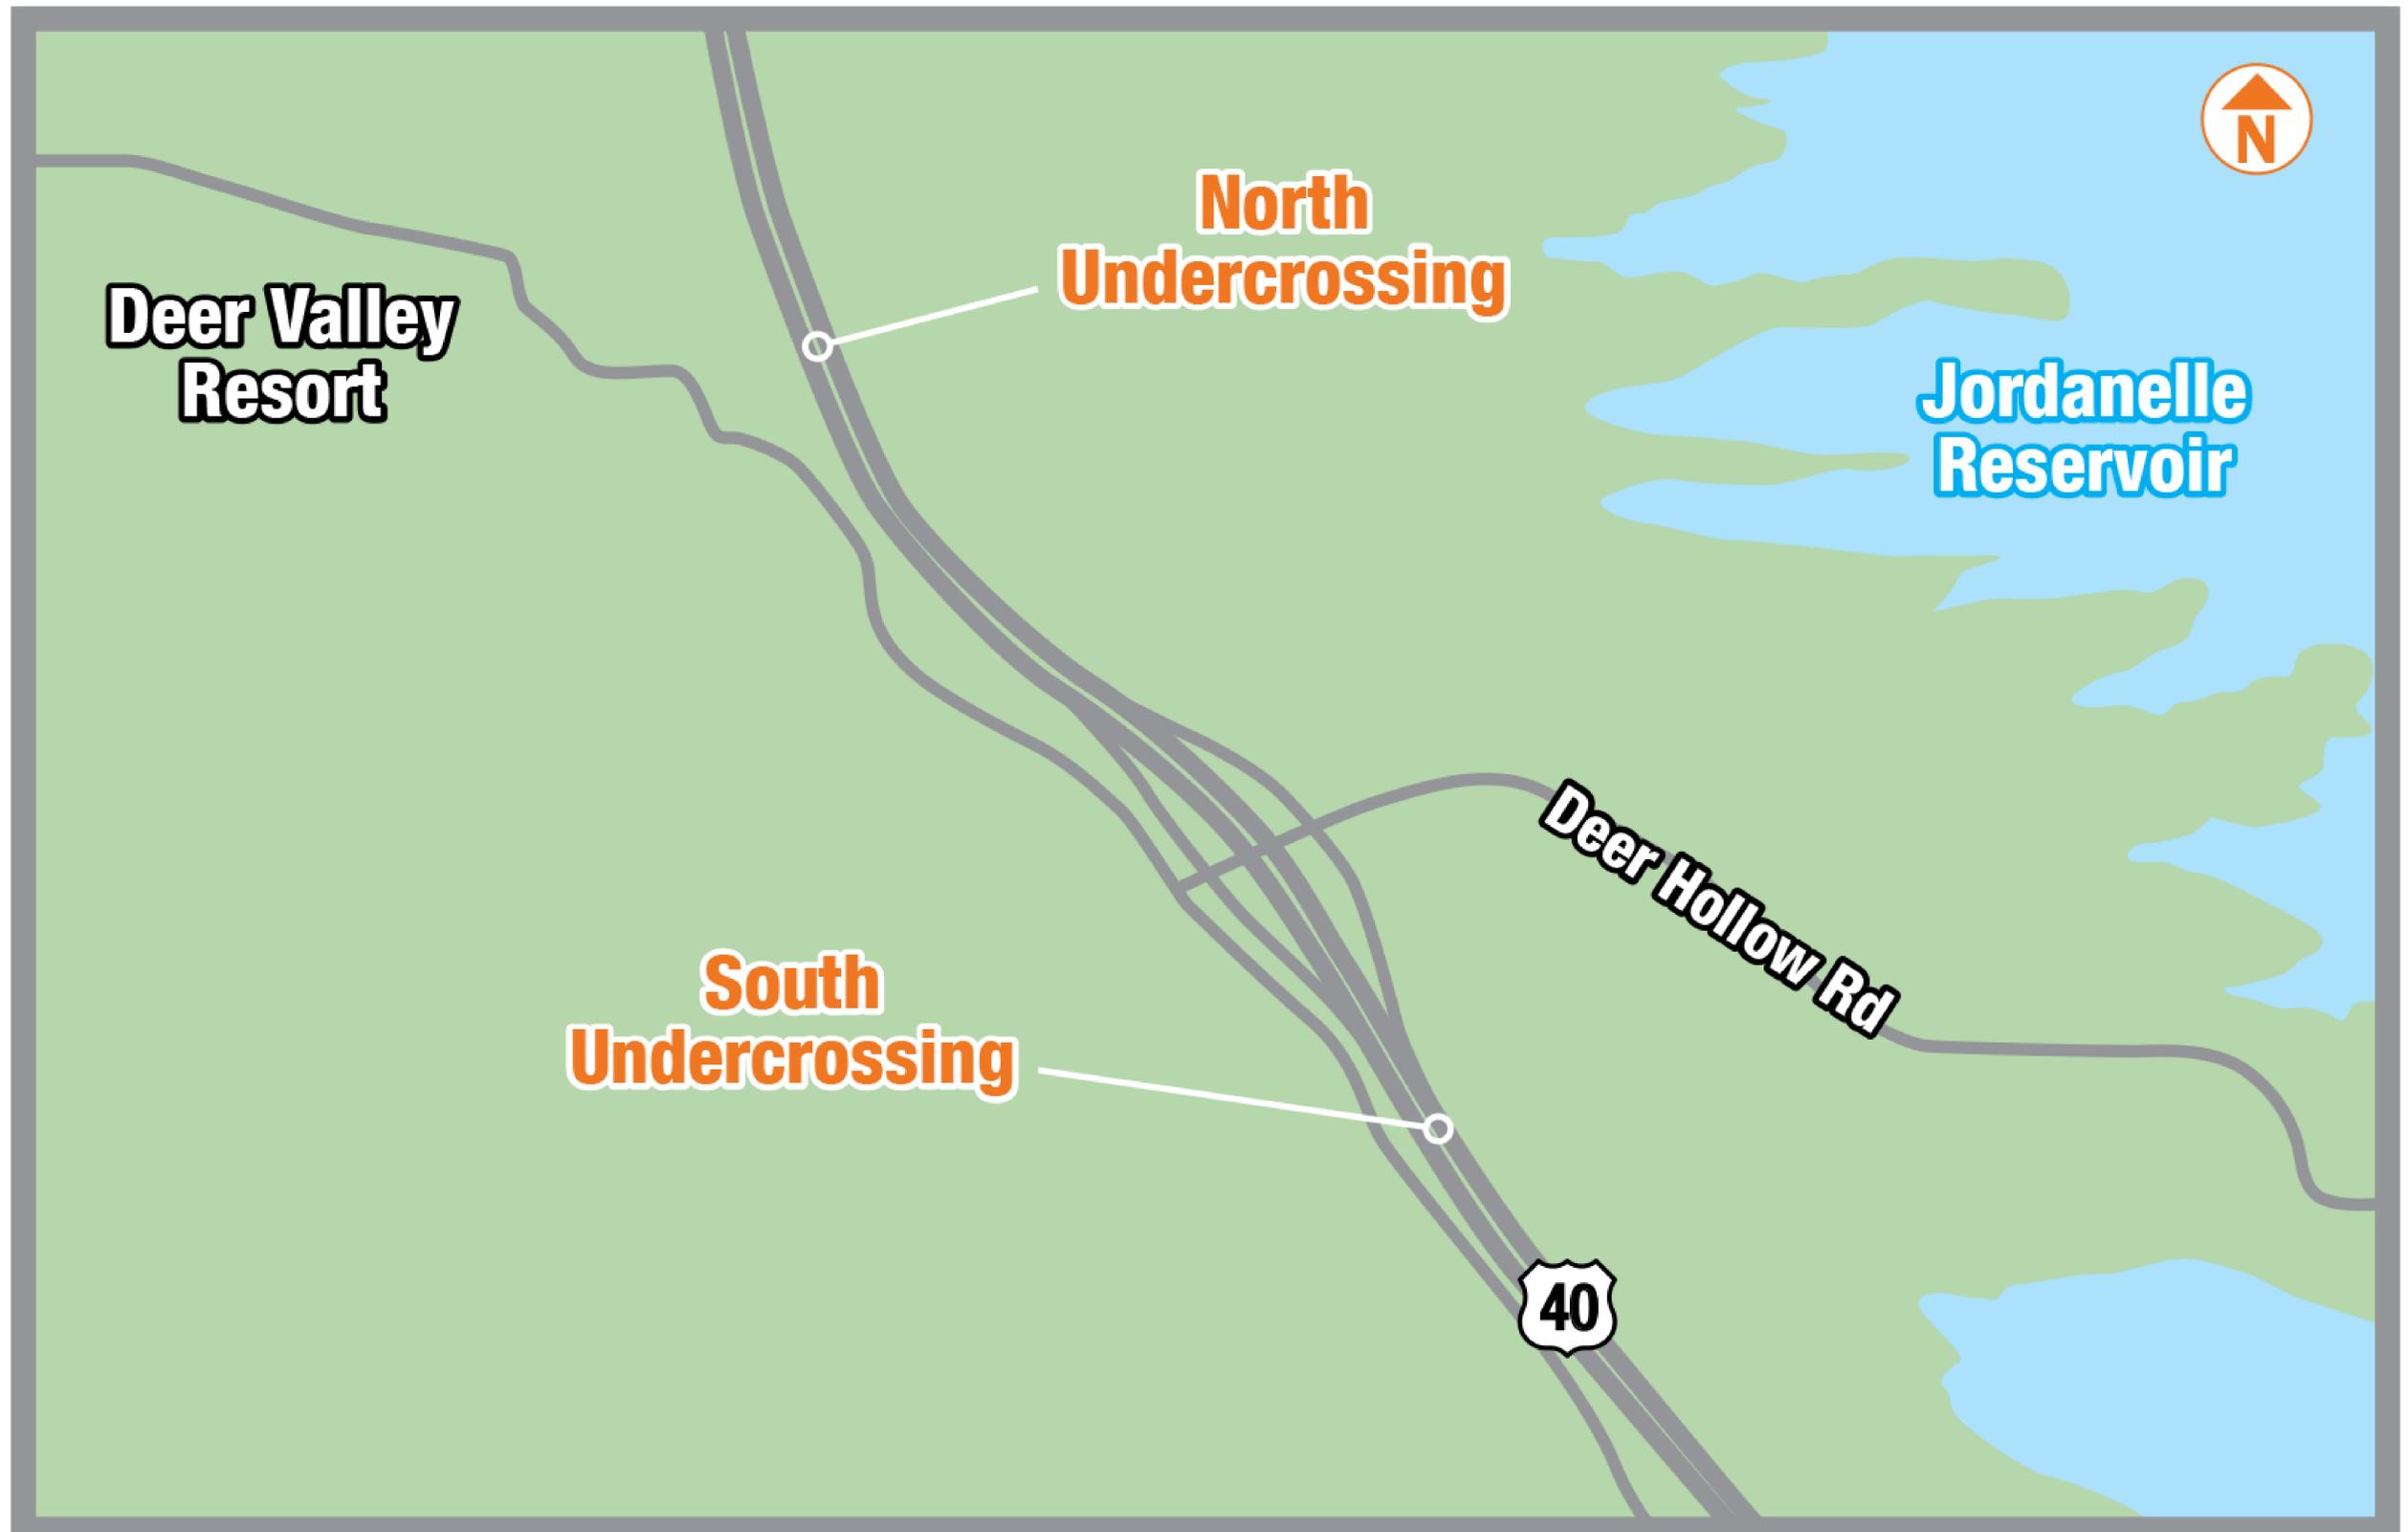

Area Development

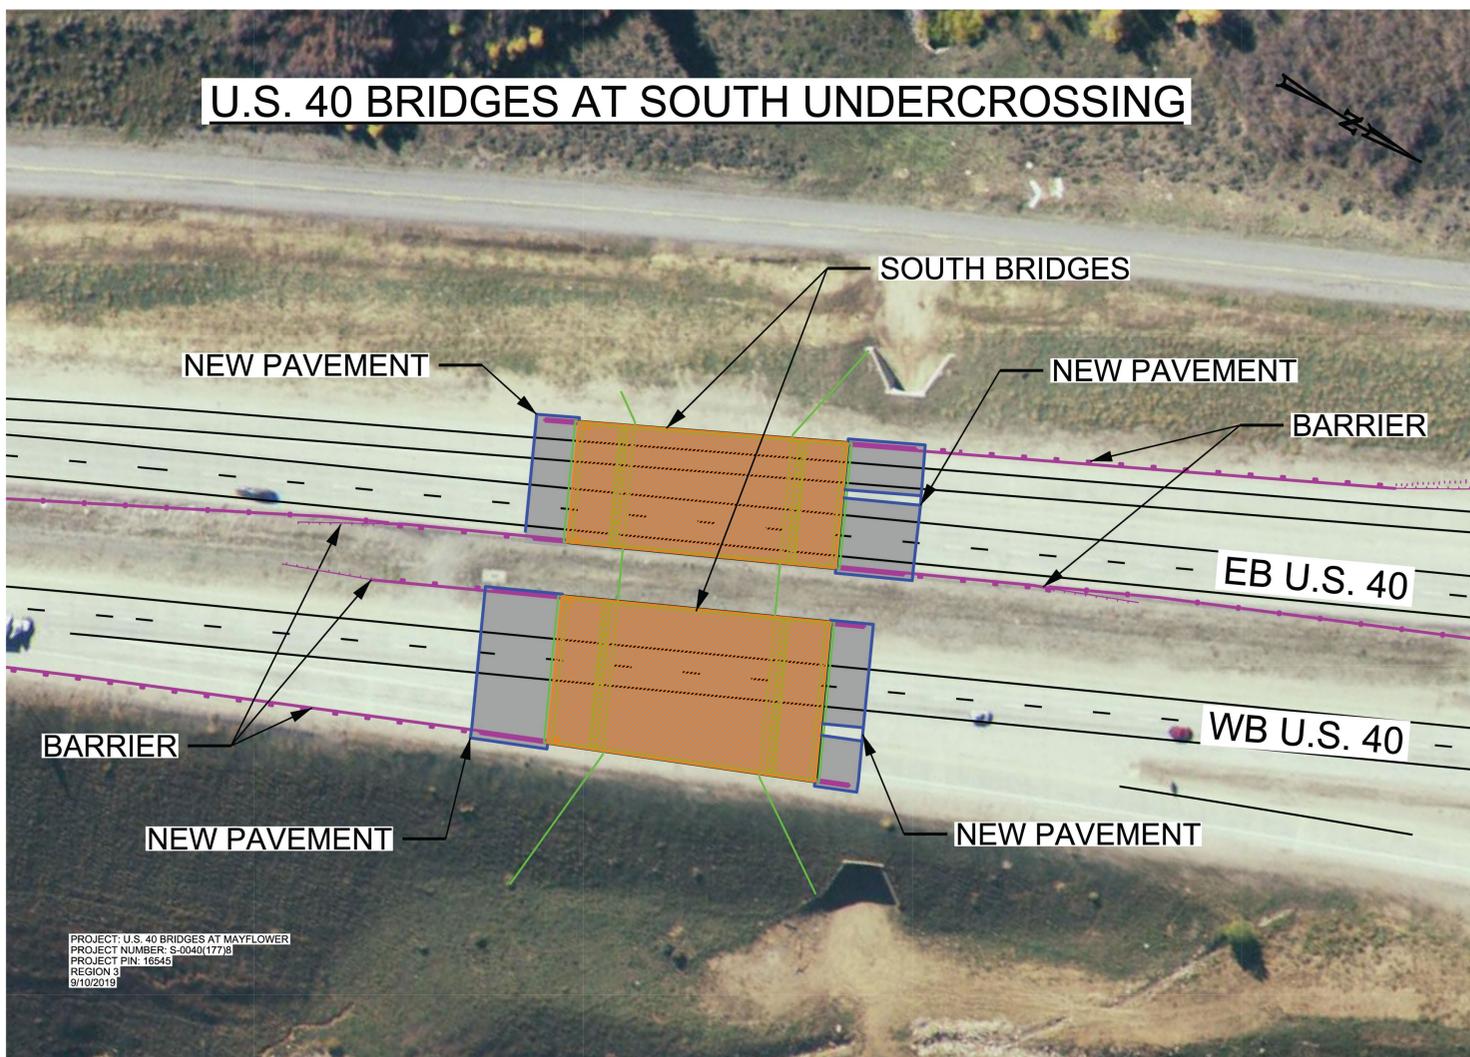

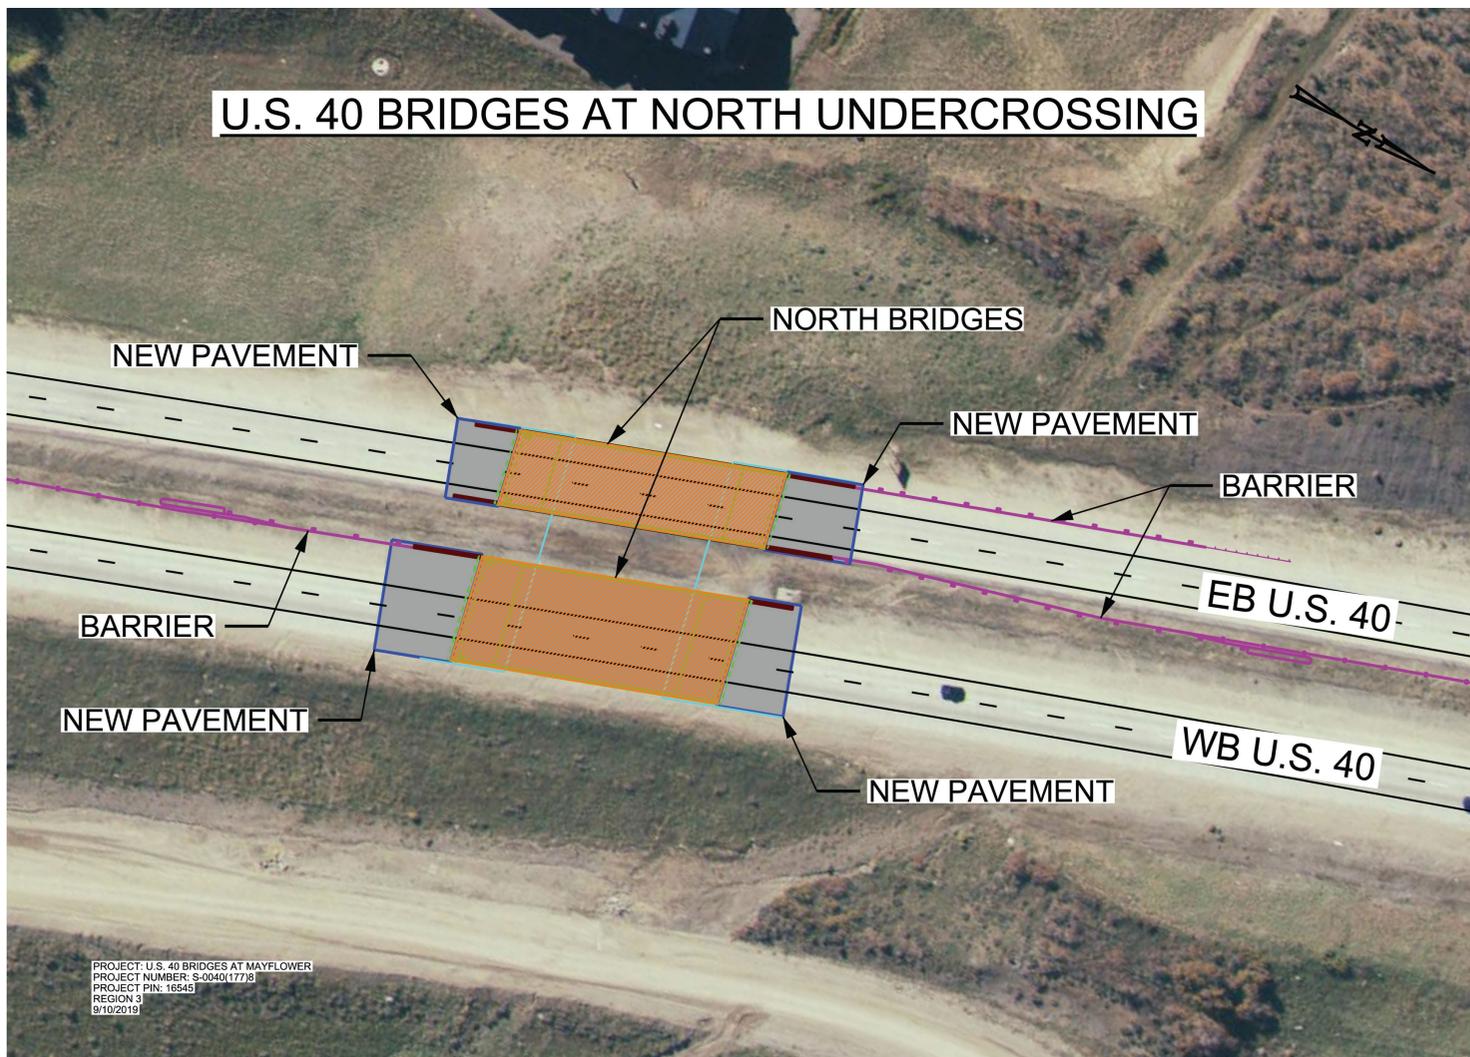

- [Military Installation Development Authority](#) (MIDA) facilitates the development of military land in Utah to help stimulate the State's economy
- State legislature approved the development of under-utilized military land in this area west of U.S. 40 to boost the economy of surrounding communities

Proposed Action

- Addition of two U.S. 40 undercrossings to provide local traffic access improving connectivity and providing access for life safety
- Construct bridges to accommodate anticipated traffic volumes
- Build bridges to accommodate a future climbing lane as noted in Statewide Transportation Improvement Plan (STIP)

Project Map

Project Design

North Undercrossing

South Undercrossing

Environmental Impacts and Mitigation

Resource	Impacts	Mitigation
Right-of Way/Relocations	Minor acquisition for drainage easements will be necessary.	If we determine that a ROW easement is necessary we will purchase the necessary easement prior to work starting.
Cultural/Paleontological	None	
Threatened and Endangered Species/Wildlife	One osprey nest is known to exist near the southern end of the project area.	In order to minimize impacts to nesting osprey, it is recommended that work begin before April 1 or after August 31. If work cannot begin before or after that time period, a nest survey should be conducted to identify active nests within 0.5 mile of the project area. If active nests are found, work should be avoided within 0.5 mile, or the nest should be monitored to ensure that construction activities are not negatively impacting nesting birds until all young have fledged.
Wetlands, Water Resources, Storm Water and Floodplains	Project disturbs 1 acre or more of ground surface.	A Storm Water Pollution Prevention Plan (SWPPP) must be included in the plans.
Hazardous Waste	None	
Farmland	None	
Air Quality	This project has the potential to increase particulate matter due to construction activities.	Requirements outlined in Standard Specification 01572 titled "Dust Control and Watering" will be followed.
Land Use	None	

Public Comments

- Complete a comment form
- Provide verbal comments to court reporter
- Submit comment via email to adeslis@utah.gov
